Strategic Plan Goal	Action Step	Progress
Goal 1: By June 2017, all students taking a NYS assessment will be proficient (3 or 4, 65 or higher).	Action Step 1: Establish and implement district-wide Multi-tiered Systems of Support (MTSS) for academics and behavior	• The MTSS team met to discuss adding an agenda to the Student Support Team meetings to ensure that all meetings complete all parts of the SST form, create a goal, and discuss student needs. The agendas are set to keep track of time and allow the discussion to stay on task and on topic. There are two agendas: initial and follow up. The initial SST agenda is for students who have not been through the SST process previously. The Follow Up agenda will be marked with the number follow up as well as a review of data collection based on goals set. **INITIAL SST AGENDA** Total Minutes: 40 1. Review Referral Summary of Concern and Discussion of Classroom Performance....15 minutes 2. Discuss Student Strengths....5 minutes 3. Establish Student Goal ....10 minutes 4. Action Steps....7 minutes 5. Establish bring back date/parent contact....3 minutes **FOLLOW UP # AGENDA** Total Minutes: 35 6. Review Referral Summary of Concern and Discussion of Classroom Performance....5 minutes 7. Discuss Student Strengths....5 minutes 8. Review Student Current Goals/Data and Establish New Goals as Needed ....15 minutes 9. Action Steps....7 minutes 10. Establish bring back date/parent contact....3 minutes • Goals for SST meetings have also been discussed and the format has been refined in our SST plan to ensure all parts of a goal includes: who is responsible, what interventions are in place to help the child achieve the goal, start/end dates, data collection, and tier number. The new form includes the following chart:

NRWE Student Support Team Plan

Area of Concern:		
Specific Target :		
Tier : (Indicate tier & description per SchoolTool)		
Intervention #1:	Intervention #2:	Intervention #3:
Frequency/Duration:	Frequency/Duration:	Frequency/Duration:
Start-End Dates:	Start-End Dates:	Start-End Dates:
Service Provider:	Service Provider:	Service Provider:
Goal:		
Data Collection:		
By Whom:		
How often:		
(insert data/graphs/charts)		

	Action Step 4: Utilize focused professional learning to support district-wide initiatives	• The Assistant Principal team attended a Restorative Discipline professional development. Since then, the elementary school has established a team of administration, mental health providers, and teachers. The team meets monthly and discusses concerns regarding discipline. Last month the team met to discuss In-School-Suspension. The team discussed the need for consistency between teachers who serve ISS as a duty, expectation of work being completed, and expectations for student behaviors. The team created forms to monitor student behavior in ISS. The forms will be distributed to the ISS teachers and will begin being used in the near future. • The Assistant Principal team has begun a four-part training discussing alternatives to suspension. We will be looking at our discipline data, Code of Conduct, and factors impacting student behavior. • *Why Try* is beginning in the elementary school. The trained counselor and teaching assistant have begun seeing groups for *Why Try*.

OUR PROGRAMS

For 20 years, the WhyTry Program has been using SEL to help struggling students make positive life changes. Our engaging new Resilience for Youth Program provides strategies to help all students develop lifelong resilience.

LEARN MORE

TOOLS

WhyTry programs use a unique multisensory approach that allows students to see, hear, and experience the concepts being taught. Visual analogies give students achievable steps to gaining life skills and developing resilience in academic and real-world settings. For the hands-on learner, our programs use activities with relevant tie-ins, helping facilitators reinforce social emotional principles in an engaging way. With visual learners in mind, we encourage teachers to use relevant video to spark classroom discussion, and take advantage of the art and writing activities found in our journals. WhyTry music uses hip-hop and other genres to help teachers get past students' defenses and reach them in a language they understand.

LEARN MORE

- The elementary school is starting a book study on *Conscious Discipline*. Currently, 29 staff members have expressed interest to be part of the book study. Throughout the book study we will discuss the four essential components that are described below.

		Goal 3: By June 2019, by the end of 2nd grade, all students will read at or above grade level.	Action Step 2: Provide professional development for staff as it relates to curriculum writing, enrichment, and tiered lessons	• The reading team went to the National Reading Recovery Conference held over February break in Columbus, Ohio. Six of the reading teachers and Assistant Principal from the elementary school attended two days of workshops and key note speakers. The reading team was able to meet Jan Richardson and discuss the work they are doing in our K-Lab for early intervention. Please see the attached letter that explains the professional development that happened during the training. Staff left with a shift in mindset, and was able to come back to refine their guided reading practices.

3/1/18

Dear Mr. Vigliotti and The Board of Education:

At the National Reading Recovery Conference in Columbus, Ohio, we witnessed special tribute to excellence in literacy leadership across the country and were proud to know that your efforts and work are strikingly similar to those who received awards. We commend your commitment to *ALL* our students and for offering them equity and access no matter their background so they can lead literate and successful lives. We would like to thank you for your commitment to our students and we would like to share with you some vibrant highlights from our learning.

Mary Fried, an original member of Marie Clay's training class (founder of Reading Recovery), was introduced by Gay Su Pinnell as an honored guest and keynote speaker. It was profound to bear witness to this amazing moment in literacy history. The keynote address expressed the importance of going beyond phonics rules to instill problem solving in every child. Fried said "working with students toward persistence and flexibility will be true markers of success so that they can become active and constructive problem solvers". Another keynote speaker was Ellin Keene, who spoke to us on the value and importance of engagement for every student beyond compliance. Keene said "students who are motivated, learn only for themselves, yet students who are truly engaged, work collaboratively". Engagement includes challenge, questions, intellectual urgency, emotional response, and a contribution to our world.

Dr. Connie Briggs and Dr. Salli Forbes, Reading Recovery Teacher leaders, walked us through teacher and student dialogue and the value a conversation can hold. They expressed the importance of dialogue as a way to challenge others toward a stronger learning shift. They challenged us to think about dialogue in the professional development we provide and the conversations we have with students every day as teachers because our learning is never finished.

Furthermore, participating in a Dr. Jan Richardson and Michèle Dufresne workshop on guided writing provided us with additional resources into a framework used by our district for guided reading. Guided reading includes guided writing so that students can develop a reciprocal relationship. Also, Jennifer Serravallo also provided us with tools necessary for students who struggle with comprehension. She reminded us that adult decisions have great impact on children's sense of self, their learning perceptions, and how we can mindfully and carefully address their needs while challenging their minds.

Thank you again for your continued support of our attendance at the National Reading Recovery Conference and for your dedication to our students and staff as literacy leaders. We hope to generate active and constructive problem solvers who are actively engaged in learning and our world. In addition, please see attached pictures with Jan Richardson, Michelle Dufresne, and Jennifer Serravallo who engaged us in learning and challenged our thinking.

Sincerely,

Jaclyn Barker- Reading Recovery Teacher
Stacy Denisi- Reading Recovery Teacher
Jennifer Kelsey- Reading Recovery Teacher
Kellie Marciano- Elementary Assistant Principal
Tessa Nicholson – Reading Recovery Teacher
Katie Sargent- Reading Recovery Teacher
Patty Weber- Intervention Teacher

Update

March 16th will now be a half day for students. Students in the Elementary building will be dismissed at 12:45.

Students participated in Florentina Fun Days! This was a time for students to be celebrated for always doing the right thing. Teachers nominated students who are always RESPECTFUL, RESPONSIBLE, SAFE, and KIND. Students were able to participate in activities around the school that teachers, staff, and parents organized. Students had a great time! See pictures of the event on page 8.

School Nurse News
Ashley Krul RN NRWE
Phone: 315-587-2900 Email: akrul@nrwcs.org

March is National Nutrition Month –

We Can! (Ways to Enhance Children's Activity & Nutrition) is a national education program designed to give parents and communities a way to help children learn to eat nutritious foods. As parents, you can do a lot to help your children learn healthy eating habits and maintain a healthy weight. Involving them in meal preparation and cooking can motivate them to try new foods and is a good way to spend time together as a family.

Physicals

Physicals are REQUIRED for the following years in school: PreK, K, 2, & 4, as well as new entrants** PLEASE send in your child's physical ASAP or have their Dr Office fax me a copy ASAP @ 315-587-2432** If you haven't made an appointment, please do this at your earliest convenience!!!

Attendance

It is **VERY IMPORTANT** that you call the nurse's office @587-2900, email the nurse @akrul@nrwcs.org, call the main office @594-3141, or send in a **note** to verify your child's absence on the school day they return. The written excuse should be sent in no later than one week from the date of absence. By letting us know where your child is and why they are missing school we can document it. If you do not let us know, then it will be marked as an unexcused absence and after your child reaches certain percentage thresholds, you will receive an atten-

Important Dates: Please get your physicals in if you have not ASAP. You can schedule an appt at the Wolcott Medical Center if you need and bill the school...call 315-594-9444

Did You Know?? You have no sense of smell when you are sleeping

What is a "healthy" diet?

- A healthy eating plan is one that: Emphasizes fruits, vegetables, whole grains, and low-fat or fat-free milk products.
- Includes lean meats, poultry, fish, beans, eggs, and nuts.
- Is low in saturated fats, Trans Fats, cholesterol, sodium/salt, and added sugars.
- Stays within your calorie needs.

Focus on Healthy Food Choices - Choose the GO, SLOW, and WHOA foods:

GO FOODS are the lowest in fats and added sugar. They are *nutrient dense* with a better source of vitamins, minerals, and other nutrients important to health. Examples of GO foods are fruits, vegetables, whole grains, fat-free and low-fat milk products, lean meats, poultry, fish, beans, egg whites, or egg substitute.

SLOW FOODS are higher in fat, added sugar, and calories. SLOW foods include vegetables with added fat, white refined bread flour, low- fat mayonnaise, 2% low fat milk products, peanut butter, pizza, baked chips, and mac and cheese. Have slow foods sometimes.

WHOA FOODS are the highest in fat and sugar. They are *calorie dense* foods and low in vitamins, minerals, and other needed nutrients. Have WHOA foods once in a while, and when you do have them, have small portions. Examples of WHOA foods are whole-milk products, fried foods, bakery sweets, candy, soda, chips, sugary cereals, and creamy salad dressings.

NRWE Spring Scholastic Book Fair

Sponsored by the NRW Booster Club

Proceeds benefit NRW Elementary Library

March 19-23, 2018

Book Fair Hours

Celebration of Writing

Students in Mrs. Nuwer's class demonstrated a #loveoflearning by using Google Slides. Students researched colonies and then shared their findings with their class.

Miss Samar's class invited in families to show their #loveoflearning. They celebrated their writing accomplishments!

Counseling Connection

Promoting Positive Bus Behaviors

As part of our ongoing Cougar Pride- PBIS Building Expectations, we are working with students to reinforce positive behaviors on the school bus. In addition to the Counseling Center reviewing bus expectations with all students, we will also focus on working with students who have had difficulty following the bus expectations.

We will continue to facilitate these before-school, Bus Intervention groups, after reviewing and identifying students with three or more bus referrals. Parents will be notified in advance if their child is required to participate.

As parents/guardians, we encourage you to remind and reinforce positive bus behaviors with your children. Your support will benefit your child, as well as other children and their bus drivers, as they ride the bus to and from school. Our goal is help all students to develop positive behaviors on the bus, as well as increase the level of comfort and safety of all students.

Character Trait of the Month:

Be Responsible

Bus Safety expectations:

- **Use appropriate language**
- **Wait for signal before crossing**
- **Use voice level 2 or less**
- **Keep the bus clean**
- **Keep hands and feet to self**
- **Follow adult directions**
- **Keep aisles and exits clear**
- **Remain seated**

March is Music In Our Schools Month! The National Association for Music Education (NAfME) celebrates Music In Our Schools Month every March to recognize the benefits of music education programs in schools.

MUSIC CONNECTS US
Music In Our Schools Month®

The **First Grade Concert** will take place in the Elementary School auditorium on **March 8, at 6:30 pm**. The dress code for performers is school-appropriate casual or dress clothes, whichever the student's family prefers. If you have a student in Grade 1, we hope you will plan to attend! The first graders have been working very hard to prepare a fun and exciting program. This event is open to the public, so feel free to invite your friends and family.

FLORENTINA FUN DAYS

Students in After School Discovery spent time noticing Random Acts of Kindness. They each have a "pass it on " card and they are writing down any random acts of kindness that they witness.

New York State Senate
Earth Day Competition 2018
Poster Contest

The Earth Day Competition is for school children in grades K-6 from every corner of New York State. The Senate's goal is to encourage children to develop an awareness of the environment and its resources. Teaching children about the importance of recycling and waste reduction is critical as we face the environmental challenges of the 21st Century.

OUR THEME: REDUCE, REUSE, RECYCLE

The Senate's focus is to emphasize the importance of recycling and waste reduction, to encourage the exchange of ideas about recycling and waste reduction among schools, children and adults and to stimulate creative thinking about solutions to problems concerning recycling and waste reduction. We are asking students to create a poster that could be used as part of this campaign.

ENTRIES

• Entries should be photographed and submitted electronically, preferably in a jpeg format via helming.nysenate.gov • Entries will be displayed on the Senator's website.

Below is a sample of the required online registration form.

SAMPLE OF ONLINE REGISTRATION FORM
(All entries must be submitted by April 13, 2018)

MONTEZUMA Audubon CENTER

Junior Nature Camp

Kids ages 6 to 10 will explore the wonders of nature through a variety of nature games, crafts and activities. Campers will catch frogs in the pond, search for signs of mammal activity in the forest, and discover the birds, butterflies and dragonflies that live in the grassland and wetland.

Campers must bring a snack and lunch each day. They should dress for the weather, wear sturdy shoes, and pack for the possibility of rain.

Space is limited and registration is required!

Call (315) 365-3588 or email montezuma@audubon.org

Visit us online at http://ny.audubon.org/montezuma

DATES

Monday Aug. 20 to Friday Aug. 24, 2018

TIME

9:00 am to 4:00 pm

FEE: $150

MONTEZUMA Audubon CENTER

SUMMER CAMPS

July 9 thru Aug. 10, 2018

Girls and boys ages 11-15 are invited to participate in five weeks of sportsman education, paddling and wildlife exploration summer camps!

- Earn your hunter, waterfowl hunter, bowhunter, and trapper education certificates in two weeks with hands-on learning and outdoor experiences! Campers must attend the entire camp to receive their sportsman certificates.
- Fisheries Camp participants will learn safe fishing practices with hands-on and fun experiences while fishing for trout, panfish, salmon, bass and more around the Finger Lakes Region.
- Wildlife Exploration Camp participants will explore the Montezuma Wetlands Complex's habitats and wildlife through hiking, canoeing, and other outdoor activities.
- Montezuma Paddling Camp participants will navigate Montezuma's rivers, streams and wetlands while learning to paddle canoes and kayaks.

Please bring lunch each day and dress for the weather, but pack for the possibility (bring rain gear and sturdy shoes).

Space is limited and registration is required!

Call (315) 365-3588 or email montezuma@audubon.org
