1st Grade	92	94
2nd Grade	92	96
3rd Grade	93	83
4th Grade	84	106
TOTAL	**489**	**523**

Strategic Plan Goal	Action Step	Progress
1. By June 2017, all students taking a state assessment will be proficient (3 or 4, 65 or higher).	Work with Families as partners in learning	The attendance team met once in February. Meetings with students, phone calls and letters home, and meetings with parents, have continued. Home visits have also taken place as needed. Data analysis was completed on students with attendance issues and submitted to the Regional Attendance team. They will be reviewing the data from all schools participating in the Regional initiative. The upcoming end of the 2nd Trimester marks the next cut off for our Attendance HERO incentive. The grade level with the highest percentage of attendance will be treated with a Grade Level Movie on March 17th.

	• Provide enrichment opportunities outside the school day for e.g., Lego, Robotics, Science Olympiad •	3rd and 4th graders enjoyed the roller skating party on Thursday, February 16th. Over 100 students attended the party. On Thursday, February 9th, we held another Family Fun Literacy Night. Approximately 50 people attended, including parents and their families. Everyone participated and we everyone enjoyed the guest readers. This week is the Inventive Minds Building Level Competition. All staff had the opportunity to judge the inventions as their respective inventors presented their inventions. So many wonderful ideas and inventions! The Inventive Minds Finalist Competition will be held here at NRWE on March 10 in the afternoon. We will be hosting three other districts this year. Inventions will be judged at the competition culminating in an awards presentation.
1) By June 2017, each student who has achieved mastery will maintain mastery, and the percentage of new students achieving mastery will increase.	Utilize district MTSS process for moving students in and out of tiered interventions	Work of the MTSS Sharpening Committee continues. We are making good progress on revamping our processes and creating appropriate forms. We reviewed the feedback we received from the February 3rd, which was instrumental in our progress, including Tier 1 interventions identified by teachers being added to our Tier 2 referral packet. Ones that no longer apply were discarded, per their feedback. We will be piloting the new SST (Student Support Team) referral process in the last trimester of this school year. Refinement to the process will be ongoing.

March Events
