	Olympiad	Average of 165 students attended each day. Our end of session family picnic was a huge success. Students performed dance, song, and rhythmic games for their families and afterwards enjoyed a hot dog picnic, and played games together. It was very well attended by parents and families of our students. **AFTER SCHOOL DISCOVERY PROGRAM** We are currently in the planning stages of the After School Discovery Programs. This year will include program at the Elementary School, Middle School and High School. Programs will vary based on students' needs and interests. All programs will include homework help, tutoring, as well as enrichment activities, assemblies, and field trips. (example – College visits) I will be overseeing the three programs and have point people at each building; Amy Lynch-Johnson at the HS (Sundra Besaw assisting), Maureen Mahoney at the MS (Cindy O'Dell assisting) and Patricia Weber at the ES (Monica Paul assisting). We hope to have a very successful year in programing for students to learn and grow, and look forward to working with our students.
