Art Club News

I think art club this year is going to be exciting and successful. This year our president is Bridgette Crandon, a very talented junior. Our vice president this year is, Abby Dandino, our secretar is Heather Beman, and our Treasurer is Katie Colbert. Art club has decided that we are going to be more involved and do some very interesting and different fundraisers. Our theme this year for fundraisers is Andy Warhol. He was a great artist who painted and worked with multiple objects. We have the idea of a canned drive and a used good shoes drive. Before anything, though, we have to finish a mural that we started for the joint maintenance facility that will surely make it a happier place to be and work.

The new art room is a wonderful place to learn, it's a very cheerful place to be and it is so very welcoming. It's great how everyone is helping out so much to keep it nice and clean. Class sizes are larger than ever. Over 160 different students work and store projects in there. Be sure to check out the new showcases and display spaces in the new (and old) hallways.
