Notification of Rights Pursuant to the Family Educational Rights & Privacy Act

Dear Parent or Eligible Student:

This is to advise you of your rights with respect to student records pursuant to the Family Educational Rights and Privacy Act (FERPA). FERPA is a federal law designed to protect the privacy of student records. The law gives parents and students over 18 years of age (referred to in the law as "eligible students") the following rights:

- The right to inspect and review the student's education records within 45 days of the day the district receives a request for access.** Parents or eligible students should submit to the Building Principal a written request that identifies the records they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading.** Parents or eligible students may ask the district to amend a record that they believe is inaccurate or misleading by writing the principal, clearly identifying the part of the record they want changed, and specifying why it is inaccurate or misleading.

If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional informa-

tion regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.** One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A **school official** is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.
- A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
- Upon request, the district discloses education records without consent to officials or another school district in which a student seeks or intends to enroll.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA.** The Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue SW, Washington, DC 20202-4605

Code of Conduct

In addition to the rights outlined on the previous page, FERPA also gives the school district the option of designating certain categories of student information as “directory information.” **Directory information** includes a student’s name, address, telephone number, date and place of birth, major course of study, participation in school activities or sports, weight and height if a member of an athletic team, dates of attendance, degrees and awards received, most recent school attended, class schedule, photograph, e-mail address, and class roster.

You may object to the release of any or all of this “directory information.” However, you must do so in writing by September 30, 2005. If we do not receive a written objection, we will be authorized to release this information without your consent.

Notification of Parental Rights to Withhold Certain Information from Military Recruiters

Pursuant to the No Child Left Behind Act, The Keshequa Central School District must disclose to military recruiters or institutions of higher learning, **upon request**, the names, addresses and telephone numbers of high school students. The district must also notify parents of their right and the right of their child to request that the district not release such information without prior written parental consent.

Parents wishing to exercise their option to withhold their consent to the release of the above information to military recruiters or institutions of higher learning must send a written objection to the Building Principal by September 30, 2005.

Notification of Rights Under Protection of Pupil Rights Amendment

The Board of Education recognizes that student privacy is an important concern of parents and the Board wishes to ensure that student privacy is protected pursuant to the Protection of Pupil Rights Amendment, as revised by the No Child Left Behind Act of 2001. To that end, the Board has adopted a policy on student privacy.

Under the Protection of Pupil Rights Amendment, as revised by the No Child Left Behind Act, and the Keshequa Central School District policy on student privacy, you have the right to opt your child out of the following activities:

1. The collection, disclosure and use of personal information gathered from students for the purpose of marketing or selling that information. The administration of any non-emergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school not necessary to protect the immediate health or safety of the student or other students and not otherwise permitted or required by state law. The term “invasive physical examination” means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision or scoliosis screening. It does not apply to any physical examination or screening required or permitted under

state law, including those permitted without parental notification. If you have any questions about the district’s student privacy policy and your right to opt your child out of certain activities, please contact the Building Principal.

Rules & Regulations

Conduct Expected on School Buses

A bus driver's job is a difficult one - to ensure that each student has a safe ride to and from school. Bus drivers have the same student supervision responsibilities as teachers. Thus, the school bus is an extension of the classroom. Therefore, students are expected to follow these rules when they are on the bus:

1. Remember that all school rules apply on the bus.
2. Stay seated until the bus stops (then, if needed, ask your driver for permission to move to another seat).
3. Talk quietly using your "three foot voice."
4. Keep the bus clean (i.e., no littering, eating, chewing gum, drinking).
5. Keep your hands, feet, and objects to yourself.
6. Be courteous at all times (i.e., no vulgar/obscene language or behavior and not put downs, no insults).
7. Keep the bus safe (i.e. don't bring glass objects, pets, matches, firecrackers, lighters, aerosol cans, etc.).
8. Cross 10 feet in front of the bus - make sure you make eye contact with the driver before crossing the street.

Student Discipline

One of the most important lessons education teaches is discipline. While it does not appear as a subject, it is one of the foundation blocks for a successful school experience. It is the principles of self-control, character development, good citizenship and positive interactions with others that help children to be successful. By providing an atmosphere of consistency and clearly defined expectations followed with rewards and consequences, children will have a clear understanding of how behavior impacts themselves and others. Our daily emphasis is on the positive nature of each child - reinforcing the qualities that lead to a healthy self esteem. With this understanding, children can then develop themselves into well-rounded individuals with a strong foundation to become good citizens within a community.

Alongside the many ways to emphasize the positive behaviors, our discipline code has different levels of infractions from minor to very severe misbehaviors. The code defines each level and its procedure. Some examples of student behavior and possible consequences are also included.

As part of the District's discipline procedure, we feel the home and school need to work together as partners. Communication is a vital link to that partnership. When major discipline issues are involved, a school conduct report will be sent home. We ask that you discuss this with your child as a family concern, add your comments and return it to school.

Injury or Illness in School

In cases of illness or injury a student will not be sent home from school until the parent or legal guardian has been reached by phone and appropriate arrangements are made for his/her transportation from school. If the school nurse is unable to reach the parent or guardian, the child will be appropriately cared for in school for the remainder of the school day.

In the event of a serious injury or illness in school, appropriate first aid will be provided by the school nurse, and the parent or legal guardian will be contacted by phone. It is the responsibility of the parent or legal guardian to obtain subsequent treatment for the child. In the event that a parent or legal guardian cannot be contacted, or the injury is of an extremely serious nature, the school nurse may, at her discretion, have the student transported to the nearest emergency room by ambulance.

Should an accident or injury occur at school, the following procedures should be instituted. The accident must be reported to the school nurse. She will fill out her portion of the School Accident Report which will be provided to the parent/guardian to complete and submit to the insurance company according to the procedures outlined in the pamphlet provided. Please bear in mind that, generally, claims must be done in a timely fashion and proceed from the time of an accident within prescribed deadlines. You must also keep bills and receipts in order to submit appropriate proof when making a claim.

The school's accident insurance is designed to pick up where private medical insurance coverage leaves off. All medical bills should be submitted to your own insurance carrier first. After your carrier has acted upon the claim, the school's insurance, under certain circumstances, may be considered for further claim.

Homebound Instruction

On occasion, students are unavoidably away from school for an extended period of time because of illness or injury. When parents

know their child will be absent for a period of thirty days or more, they can request instruction at home through the building principal. The request must be accompanied by a doctor's note. The principal will arrange for temporary homebound instruction.

Attendance and Absence

New York State Education Law states that all children between the ages of 6 and 16 years of age in proper physical and mental condition shall receive full-time instruction public, private or parochial school.

There are some new policies and regulations regarding attendance at the Middle/Senior High School. First, at the Keshequa Central School attendance is required until the end of a school year in which students turn 16. Second, there are minimum attendance levels for students to earn credit in a course. (The Middle/Senior High School Student Handbook explains the regulations in detail.)

Absence

In accordance with the Laws of New York State and the Regulation of the Commissioner of Education, the following are excused reasons for absence in the Keshequa Central School District: 1) Personal illness; 2) Illness or death in the family; 3) Remedial health treatment (doctor, dentist, etc.); 4) Required appearance in court; 5) Religious observation; 6) Impassable roads or weather; 7) Approved cooperative work program.

Excuses for Absence

Upon returning to school, a student who was absent must give his/her homeroom teacher and/or Attendance Office, a note stating the reason for the absence. This note must be signed by a parent/guardian.

Early Dismissal from the Regular School Day

Students may be excused for short periods of time during the day for dental and other medical appointments. A note signed by a parent/guardian must be presented stating the child's name, date, and reason for the early dismissal. The student will then sign out in the Attendance Office. A parent/guardian must pick their child up. (Other adults must have written permission from parent/guardian.)

Parent-Teacher Conferences

Parent-Teacher conferences for Grades K-8 have been set for November 21 & 22, 2005 and April 12 & 13, 2006. These conferences have been an important and valuable part of pupil reporting procedures in our schools for some time. The value of parent-teacher conferences comes from a frank and honest exchange of information which can help both parties have a better understanding of the child, his/her abilities, his/her needs, the experiences which have formed his/her background to date, and the aspirations which will form his/her education in the future. To help realize this value we offer the following suggestions:

1. Please plan to keep the conference that you have scheduled.
2. If you are unable to keep your appointment, kindly notify the school as soon as possible.
3. If at all possible, please make arrangements to come to the conference without the child or other children.
4. Before attending the conference, you may find it helpful to make a list of things you wish to discuss with the teacher.

Whom to Consult

If your question concerns your child's work, the classroom or subject the teacher should be consulted. Do this through the principal's office. If your questions concern your child's educational program at the secondary level, the guidance counselor should be consulted. If your concern is a matter of school procedure or function, consult the principal of your child's school.

Parent Volunteers

What is "Project Star"?

Project Star is a volunteer program at the elementary building.

Who can be a volunteer?

A volunteer can be a parent, an older brother or sister, a grandparent, or any member of the community. A volunteer may be new to town or have lived here a long time. It is not necessary to have a child in school to be a volunteer. No previous training, diploma, or degree is necessary. Volun-

teers do not teach but are trained to work with the teacher and under the teacher's supervision, to reinforce materials presented by the teacher, or provide assistance to the teacher in the classroom.

Not all volunteer work is done in the classroom. Some volunteer work might include binding books that students have written, running off dittos, or helping a teacher to prepare a bulletin board. There are a thousand and one things you can do to help us help children. Volunteers and school staff make a good partnership for the entire community.

If you are interested in becoming a "Project Star" volunteer, please contact the Elementary School at 476-2234.

Family Vacations

Occasionally parents remove their children from school for family vacations. It is important to remember that teachers cannot replicate the class experiences a pupil misses. Teachers will do their best to assist pupils who are absent, although they must balance this task with their normal teaching responsibilities. Pupils must assume the responsibility of initiating the make-up process with their teachers.

Use of School Buildings and Grounds

As in the past, outside organizations will be able to use school facilities. The contact person is the Secretary to the Superintendent. She can be contacted between the hours of 7:30 a.m. to 4 p.m., Monday through Friday, at the Superintendent's Office located in the Middle/High School Building or by calling 468-2541 ext. 1105. The room cannot be reserved until a building use form is completed and returned to the Superintendent's Office. These forms are available in the Superintendent's Office or in either school building office. When the completed form is returned to the Superintendent's Office, it will then be processed. The organization will be notified as soon as possible as to availability and building use fees, if applicable.

Medications

If it is necessary for a child to take internal medication during school hours:

1. The parent must submit a written request to the school nurse.
2. The family physician must submit a written request in which he/she indicates the frequency and the dosage of the medication and the purpose for which it is prescribed.
3. The medication should be delivered to the school nurse by the parent or legal guardian.
4. The medication will be kept in the health office and administered by, or under the supervision of, the school nurse.
5. Medication must be in the prescribed bottle.

Excusing Children During the School Day

If a parent/guardian wants a child excused during the school day, a written request must be sent to school. Parents must come to the nurse's office or attendance office to sign children out.

Visitors

You are welcome in our schools at any time. All visitors (including parents) should go directly to the Central Office and report their presence and reason for being in the building. This request is made to aid you, to prevent the interruption of classes, and to prevent unauthorized individuals from entering the building. The buildings are locked but you may ring a buzzer for admittance to the main entrance of the Elementary School and the Church Street entrance of the Middle/High School.

Breakfast & Lunch Programs

The Keshequa Central School Breakfast and Lunch Programs operate on a self supporting basis under state and federal regulations. Monthly menus are distributed to all elementary students and posted in the Elementary and Middle/Senior high school buildings, along with being posted on our website @ www.keshequa.org. The prices for the 2005-2006 school year are as follows:

- K-5 Breakfast Price \$1.10 / 6-12 Breakfast Price is \$1.10
- K-5 Lunch Price \$1.50 / 6-12 Lunch Price \$1.60

Become a Member of National Honor Society & Junior National Honor Society

There is a process and criteria that needs to be met by the student in order to be inducted.

Students are first recognized for consideration in NHS or JNHS by their overall average. To qualify, a student in seventh or eighth

grade must have a thirty-week cumulative average of a 89.5. For grades ten, eleven and twelve a student needs a thirty-week cumulative average for that school year of a 90. These grades are obtained after the thirty-week report cards are completed.

Students are then notified that they have the opportunity to apply for selection to the JNHS or NHS and will be asked to complete a "Student Activity Information Form" listing all co-curricular, leadership, service and community activities they have participated in. Another piece of the process is that all teachers, advisors and coaches are asked to provide feedback on the qualifying students' scholarship, leadership, character and service to school.

After all this information is gathered a Faculty Council is formed, one for NHS and one for JNHS and it is this council that will review the materials and make the final selection. Once their selections are made, students will be notified and asked to review their letter of acceptance. The students will then respond in writing as to whether they will accept membership into the Society.

The selection of members to National Honor Society and Junior National Honor Society occurs annually. Each year current members are reviewed and new members qualify for membership.

Request For Pesticide Application Notification

The Keshequa Central School District is required to maintain a list of persons in parental relation, faculty, and staff who wish to receive 48-hour prior written notice of certain pesticide applications. The following pesticide applications are **not** subject to prior notification requirements:

- anti-microbial products
- nonvolatile rodenticides in tamper-resistant bait stations in areas inaccessible to children
- nonvolatile insecticidal baits in tamper-resistant bait stations in areas inaccessible to children
- silica gel and other nonvolatile ready-to-use pastes, foams, or gels in areas inaccessible to children
- boric acid and disodium octaborate tetrahydrate
- the application of EPA-designated biopesticides
- the application of EPA-designated exempt material under 40 CFR 152.25
- the use of aerosol products with a directed spray in containers of 18 fluid ounces or less when used to protect individuals from an imminent threat from stinging and biting insects including venomous spiders, bees, wasps, and hornets.

In addition, there will be no written notice of such application when a school remains unoccupied for a continuous 72 hours following an application.

In the event of an emergency application necessary to protect against an imminent threat to human health, a good-faith effort will be made to supply written notification to those on the 48-hour prior notification list. If you would like to receive 48-hour prior notification of pesticide applications that are scheduled to occur in your school, please send the following information to Keshequa Central School, Office of the Superintendent, PO Box 517, Nunda, NY 14517: 1) Student's Name; 2) Parent's Name; 3) Address; 4) Evening Phone:

Please feel free to contact the Office of the Superintendent at 585-468-2451 ext. 1105 for further information on these requirements.

Counseling/Special Ed.

Counseling Services

The support services of the school counselor are offered by the school in order to help your child be as successful as possible in his/her learning experience and personal growth.

Besides providing individual counseling, the school counselor offers Changing Family Support Groups at the elementary school for those children who have experienced changes in their family structures such as separation, divorce, remarriage, death, etc. Also offered are support groups in friendship skills, problem solving, stress management and "classroom survival" skills.

Due to the increasing difficulties alcohol and drug use and abuse in families present for children, the school counselor offers a Concerned Persons Support Group at the elementary school dealing with these issues. In the case of this support group, children with concerns may ask to join on their own, though parents who know that this could be a problem in their families should contact the school counselor to include their children. All information in this area is held in strict confidence.

If you have any questions about any of these groups and your child's involvement, please contact the school counselor. Together we can make your child's elementary school years as productive as possible.

Speech & Language Services

In accordance with federal regulations (PL 94.142) and state regulations (Part 200), Keshequa Central School is obliged to identify, locate, evaluate and provide speech and language services for those children in need.

In the spring of each year, all prospective kindergarten students are screened for speech and language difficulties. During the course of the year, all new students to our district and all referrals are also screened. If a child is found to be in need of further speech and/or language testing, the parent will be notified regarding permission for such further testing and any necessary speech and/or language therapy. Therapy sessions are held during school hours. Children meet with the school speech/language pathologist one to five times per week, depending on their individual needs. Every effort is made to schedule children when it will least disrupt their classroom subjects and activities.

School Psychologist Services

We have the services of a school psychologist at both the Middle, Senior High and Elementary school. The psychologist, with the referral of a teacher and consent of the parents, will examine a student. The examination is for the purpose of helping to determine the learning conditions and other services necessary to provide the child with the best possible educational program. The school psychologist also provides consultation with parents with suggestions that may help any given situation.

Programs for Students Under Section 504 of the Rehabilitation Act of 1973

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination against persons with a disability in any program receiving federal financial assistance. The Keshequa Central School District acknowledges its responsibility under Section 504 to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability shall knowingly be permitted in any program or practices in the school district. Under Section 504 the school district has the responsibility to identify and evaluate individuals who need special accommodations.

Keshequa's Special Education Services

Keshequa offers a full range of special education programs. We applied for and were granted a New York State variance for an "Innovative" program. This program a "Blended" Model, allows us to provide special education services in the general education classroom. It is a collaborative approach with services being provided to the students by a variety of professionals, including the regular education teacher, special education teacher and special area teachers (such as Speech and Language Pathologist, Occupational Therapist, or Remedial Staff) who work together to plan and teach cooperatively. Special education services are delivered to the

children in the regular education classroom rather than the students receiving services in a separate setting. At times however, small groups of students are brought together to focus on specific needs. In addition, the District has self-contained programs for our students who need more intensive services. A wide range of related services are provided including, Speech and Language therapy, Occupational and Physical Therapy, Adaptive Physical Education, Teacher of the Deaf, Assistive Technology, Social Work, Counseling, 1:1 aides and audiological. Many times these services integrate into the regular classes and become an important part of the team that serves our students with special needs.

The Committee on Special Education (CSE) is the committee that evaluates and determines a child's need and eligibility for special education services. If you have any questions about Keshequa's special education services or Committee on Special Education you may contact the CSE Chairperson, Craig Benson, at 468-2541 ext. 2034, or the Building Principal.

Preschool Special Education

All children grow and develop at different rates. It is very important to know early in a child's development if he or she needs special help. The services of the District are available to help you determine if your child has special needs.

If you are concerned that your preschool child may have problems, or developmental delays, we can offer a free diagnostic evaluation and services. Our goal is to provide the services early to prevent problems later. If you would like more information, please contact Craig Benson, at 468-2541 ext. 2034.

Graduation Requirements

The Regents set high expectations by defining Learning Standards. All students must pass five Regents examinations in order to graduate from high school. These exams make the Standards very concrete.

Consequently, students now face a much more rigorous set of requirements when they enter high school. Local diplomas have been eliminated and every student will have to pass Regents exams in English, math, global studies, U.S. history, and science in order to earn a diploma.

To graduate, all students will be required to complete 22 units of study. These will include four units in English, four units in social studies, three units in mathematics, three units in science, one unit in art and/or music, one half unit in health, two units in physical education and a unit in a language other than English.

The new graduation requirements will ensure that students get the quality education they are entitled to and, at the same time, enable each student to learn to the best of his or her abilities. The requirements are intended to make sure that all students get the school curriculum they need to succeed.

Children are different from one another in abilities, background, and needs, and yet they all must be ready for challenging times ahead. Some students need courses that are accelerated, while others need slower-paced courses. Some learn best in traditional academic programs, while others thrive in more applied courses that link academic content to occupational or technical fields.

Many students who have not been in challenging programs before will need additional time in the school day-an extra session in math, for example, to supplement the regular course. Educators are working to ensure the right balance between a rigorous core of expectations and enough flexibility to meet the needs of a variety of students. The constant is higher achievement, not how long it may take a student to achieve.

How Will the New Requirements Affect Special Education Students?

There must be a safety net for students with special needs. Few students in special education have had the chance to take challenging academic work or Regents exams. Sixty percent now graduate by passing Regents Competency Tests (RCTs). We cannot know how many could pass a Regents exam until they have the chance to try. It is important to give them this opportunity because they, like all the rest, will become citizens, workers and individuals who need high-level skills. Under the new graduation requirements students receiving special education services and pursuing a regular diploma will be given the opportunity to meet the Standards by taking Regents exams. If they do not pass the Regents exam, they will still be able to take the RCTs and earn a local diploma. Individual Education

Program (IEP) diplomas will continue for students with severe disabilities. IEP diplomas require satisfactory completion of learning program outlined in the student's Individual Education Program. All IEPs will be based on attainment of state Learning Standards appropriate to the individual student's disability.

Graduation Requirements

In order to secure a diploma, a student must meet standards and requirements set forth by the State of New York and the Board of Education. The district administration must establish local regulations which conform to all state requirements. However, such regulations may exceed the minimum requirements set by the state.

If a student is seeking a Regents diploma, he/she must meet all of the requirements stipulated below **and** successfully pass the state-required Regents examinations and the district's twelfth-grade Regents level English and Social Studies courses (or appropriate college level courses with prior approval of the Superintendent).

Diploma Requirements

English – 4 units; Social Studies – 4 units; Math – 3 units; Science – 3 units; Physical Education – 4 years; Health – 1/2 unit; Fine Arts, Home & Career/Art/Music/Tech. Drawing – 1 unit; Language Other Than English – 1 Unit
Total: Units for a diploma required = 22 units. Four years of Physical Education must also be included. Occupational students must pass Introduction to Occupation and core proficiency tests.

Regents Diploma - Traditional

Sequence Options – Students may complete one of the following combinations:

- 5 units (Math, Science, Language, Home Economics, Business/Occ. Ed., BOCES, Art, Music) **or**
- Two, 3-unit sequences (same subjects)
or
- One, 3-unit sequence (same subjects) and one, 5-unit sequence in English or Social Studies
- Foreign Language 3 units (except for Occupational Education)
- English 11 Regents Test
- Global Studies Regents
- US. History Regents
- Math A Regents
- Science Regents Test
- Foreign Language Regents – 3rd year Comprehensive Regents Test

The New Standards

- increase the total number of credits for graduation.
- establish a "core" curriculum for all students that is linked to the Learning Standards and to the Regents exams.
- require all students to undertake additional study in mathematics, science and technology.
- require all students to pass five Regents exams (following a phase-in schedule)
- require proficiency in a second language
- provide a safety net for students with disabilities
- implement new requirements with the students entering ninth grade in 2004.

A Note on Parent Involvement

Homework should be the responsibility of the parents as well as children say experts with the US Dept. of Education. Letting your children know that you are interested in what they are learning, and that you are willing to help them learn, may motivate them to keep up, in school and out.

The experts recommend:

- Parents set regular times for homework based on what works best for the family.
- Children have a special, quiet place for study with ample light, access to pencils, erasers, paper, a dictionary, etc.
- Parents set a good example by engaging in activities such as reading and writing. Parents should attend school activities and volunteer when possible.
- Parents ask their children about homework assignments and make certain the children know what is expected of them. Parents can check completed assignments, and review trouble areas. Most importantly, offer praise for work well done.

To apply for free or reduced price meals, submit a Direct Certification letter from the NYS Office of Temporary and Disability Assistance OR complete the enclosed application, sign it, and return it to Kim Flint as soon as possible. Please refer to the guidelines contained in this letter when completing the application. We cannot approve an application that is not complete, so be sure to fill out all required information.

- Do I need to fill out an application for each child?** No. Complete the application to apply for free or reduced price meals. Do not fill out more than one application for your household.
- Who can get free meals?** Children in households getting Food Stamps or TANF and most foster children can get free meals regardless of your income. Also, your children can get free price meals if your household income is within the free limits on the Federal Income Guidelines. Each foster child must be listed on a separate application, with Part 2 completed and include an adult signature.
- Can homeless, runaway and migrant children get free meals?** Please call [school, homeless liaison or migrant coordinator] to see if your child(ren) qualify, if you have not been informed that they will get free meals.
- Who can get reduced price meals?** Your children can get low cost meals if your household income is within the reduced price limits on the Federal Income Chart, shown on this application.
- Should I fill out an application if I received a letter this school year saying my children are approved for free or reduced price meals?** Please read the letter you received carefully and follow the instructions. Call the school at 468-2541 if you have questions.
- I get WIC, can my child(ren) get free meals?** Children in households participating in WIC may be eligible for free or reduced price meals. Please fill out an application.
- Will the information I give be checked?** The school may ask you at any time during the school year to verify your eligibility. You will be notified, in writing, if you have been selected for Verification. School officials may ask you to send papers showing that your child should receive free or reduce price meals at the time you applied.
- If I don't qualify now, may I apply later?** Yes. You may apply at any time during the school year if your household size goes up, income goes down, or if you start getting Food Stamps, TANF or other benefits. If you lose your job, your children may be able to get free or reduced price meals.
- What if I disagree with the school's decision about my application?** You should talk to school officials. You also may ask for a hearing by calling or writing to: Dominic Aloisio, Keshequa Central School, PO Box 517, Nunda, NY 14517.
- May I apply if someone in my household is not a U.S. citizen?** Yes. You or your child(ren) do not have to be a U.S. citizen to qualify for free or reduced price meals.
- Who should I include as members of my household?** You must include all people living in your household, related or not (such as grandparents, other relatives, or friends). You must include yourself and all children who live with you.
- What if my income is not always the same?** List the amount that you normally get. For example, if you normally get \$1000 each month, but you

missed some work last month and only got \$900, put down that you get \$1000 per month. If you normally get overtime, include it, but not if you get it only sometimes.
