ART CLUB

The art club is still in the process of finishing the mural for the workers to go in the bus garage. We seem to be just putting finishing touches on it and then it will be sent to brighten up the workers daily projects in the bus garage. We plan on more in fundraisers to be done so we can be more successful while enjoying what we are doing. Our fundraisers aren't just any fundraisers though; we have found a way to apply all of them to the amazing world of art.

*We will be stencilling snow flakes on the windows to create a winter wondeland inside of school.
