The family, who live at 3630 Drury Road, has requested permission to attend school at North Rose - Wolcott. Board members discussed the district policy for all non-resident students, which states that if students do not reside in the district then they must be educated in the school district where they reside. Unofficial and Unapproved

Due to the absence of three board members, the continued discussion and development of Board goals will be postponed until the September 26 meeting. The board does not want to lose time in implementing goals, but they must define a measurable process for achieving both short and long range goals. John Boronkay asked the board to email their personal concerns to him and he will have them categorized and ready for discussion at the next meeting. He told board members that sometimes it is better to identify a few categories that are immediately measurable, that can be financially supported by the board and demonstrate a commitment to the educational process of the district.

Bob Cahoon asked board members to volunteer for a committee to discuss the parameters for the Superintendent’s Search. He asked members to email specific concerns, ideas and requirements to him so that the meeting, scheduled for September 18, can be productive and can include items that are important to everyone. Committee members are Bob Cahoon, Sandy Boerman, Cliff Parton and Terri Smith.

5b. BUSINESS ADMIN.
UPDATE

Sam DeMuzio reported that a trial involving a North Rose - Wolcott school bus accident has concluded with a settlement in the amount of \$350,000. He spoke with insurance representatives regarding the impact on future premiums that the district must pay. It will raise those payments by 1 – 2 percent.

In response to a question raised by Dave Smith, Mr. DeMuzio discussed the new bus routes required for the 2006-07 school year. New routes were created to help align bus ride times to under one hour for students. Additional runs were created in response to the requirements of IEP’s for special needs students who attend programs outside of the district. The transfer at the High School with buddy buses continues to be a problem. Solutions are being sought for implementation as soon as practical.
