Fall 2002

In 1492 Columbus sailed the ocean blue and this September you can too! Classroom Connect is celebrating Christopher Columbus' 510th anniversary of his sea voyage through the Bahamas to Cuba. The Quest team will ask your students help in solving one of the great mysteries in the history of exploration: Where did Columbus first set foot in the New World? What is the legacy of his voyage? Together we will find the answers and reveal the man behind the myth.

Participants will receive:

1. Technical and Curricular support throughout the project
2. Integration Activities and Supplemental Materials, which may include lesson plans, WebQuests, overhead transparencies, and curricular units
3. Communication throughout the project via Chat and AccelerateU
4. A classroom web page through EduTech ColumbusQuest 2002 website
5. A ColumbusQuest curriculum guide, poster and subscription

Participants must have daily access to the Internet and an e-mail account.

Recommended for grades 2-12. **Prerequisite:** Basics of the Internet
