A recent meeting took place with Middle School staff to discuss a new
schedule for the 2007-08 school year. Mrs. Miner mentioned that
currently the Middle School students have the shortest academic day.
Middle School students are dropped off after the High School in the
morning and picked up before the High School in the afternoon. The

proposed schedule will enable the Middle School to run from 7:30 a.m.–2:20 p.m. This change will allow for 9 periods (40 minute classes) per day instead of the current 8 periods, and class sizes will be reduced. Sixth grade students will receive instruction in Library skills, study skills, computer skills and character education. The school will also be open at 7:00 a.m. and supervision will be provided for students wishing to get breakfast, use the Library, computers, or participate in gymnasium activities, etc. The new schedule will provide time for Academic Intervention Services without students missing time from required classes. Every day will be a *Keep Day* where students will receive help from teachers.

5b. BUSINESS
ADMIN.'S UPDATE:

5c5. ADMINISTRATIVE
REPORT:
BILL ROTENBERG

Mr. Rotenberg provided the Board with an overview on June regents exam scores.

Mr. Rotenberg reported that during the Graduation ceremony, approximately twenty-four Senior class students wrote their names in various sizes and places on the back of the stage curtain liner using permanent markers, before being stopped by a supervisor who caught onto what was happening. The permanent markers did not bleed through the liner to the curtain, but the curtain liner looks awful, and if left, would possibly promote more of this type of vandalism in future years. There was discussion on options available for possible repair or replacement of the curtains. The curtains are not scheduled for replacement in the Capital Project, and are extremely expensive to replace. All Board members were supportive of taking action against the individuals involved. Board Members went back stage to view the vandalism.

Florentine Hendrick cafeteria lunch line options were discussed, as well as the desire to relocate the Main Office in that building. The architects are on schedule and are planning to present plans to the State Education
