 Constellation Research Project

In this research project, you will be researching 10 constellations of your choice. In each constellation, be sure to record all the information provided and do a good job of summarizing the story behind the constellation. If a constellation does not have a story, do not choose that constellation. There are 88 to pick from. This is to be typed and printed.

Before you begin, define: Transit Date \_\_\_\_\_

	Constellation Name	English Meaning	Transit Date of Principal Star	Summarize the story behind the name.
	Ex Andromeda	None Available	September 23	Andromeda was punished because her mother taunted Poseidon about their beauty. Andromeda was punished by being tied naked to a rock. Perseus came by and rescued her and as they were going to marry, but at the wedding, her parents were killed and Poseidon but them in the heavens. Later Athena put Andromeda in between them
