To Potential National Honor Society Members:

Membership in the National Honor Society is based upon excellence in four areas: scholarship, leadership, service, and character. Each category is judged independently.

To be eligible for membership, a student must have a cumulative average of at least 87%. In addition to the academic requirement, participation and leadership in school and other activities is required. Please complete this questionnaire, **answering questions in complete sentences**, and hand it to Mrs. Packard **by Friday, October 13, 2006**.

After students become members of the Honor Society, they are reviewed periodically by the faculty and must maintain the high standards of the Society. Active members in the Honor Society are required to maintain a minimum scholastic average of 87% and to live up to the character, leadership and service ideals of the National Honor Society.

Although you are to be commended for maintaining a high scholastic average, **please understand that membership is not guaranteed to anyone**. If you **do not hand in the questionnaire, you will not be considered**. The Faculty Selection Committee makes the final decision for membership. If you have any questions regarding the Society or membership, please contact me.

Sincerely,

Mrs. Barbara Packard
