2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S
REPORTS:

The Board thanked the administrators for their reports.

4b. STUDENT BOE
MEMBER REPORT:
LARISSA BODINE

Larissa Bodine met with Mrs. Miner to discuss an exit poll to be conducted at the Budget vote. She will be formulating an exit poll, and welcomes input from other Board members.

- 4c. OTHER GOOD NEWS OF THE DISTRICT: Mrs. Miner commented that the music concert at North Rose Elementary was very impressive.
- 4d. OTHER: Mrs. Henner mentioned that she has a DVD on “How to Lobby” that will be passed from one Board member to the next to view.
- 5a. SUPERINTENDENT’S UPDATE: Mrs. Miner spoke about the recent Curriculum Development meeting she attended. She mentioned that the Capital Project is keeping on budget and is on time. A site tour will be scheduled for Board members to view the progress of the Capital project.
- 5b. BUSINESS ADMINISTRATOR’S UPDATE: Robert Magin has recently attended a meeting given by Sustainable Energy Developments, Inc. on wind energy. The company is currently working with Wayne and Sodus school districts. The State Education Department has viewed wind energy as a Capital Project item and there is state aid available for it. Robert Magin will be scheduling an appointment for the Board’s Energy Committee to meet with the company. It was mentioned that there are many new improvements in wind turbines, and that the Sodus school district is doing a presentation on wind energy at the Rotary meeting to be held on May 13th at 12:00 at the Elks lodge. Anyone desirable of attending can contact Mrs. Miner or Robert Magin. Robert Magin mentioned that the Capital Project is moving along great. The Pool Pack is to arrive on April 23rd. Mr. Robert Magin shared information about the progress of the Adaptive PE Center and the classroom edition at the High School. He mentioned that the driving range is open for the season, and spoke about an irrigation situation.
- 6a. MEETING MINUTES APRIL 7, 2009 Clifford Parton moved and Ora Rothfuss III seconded the following motion. The vote was unanimous. N. Henner, J. Buckalew, R. Cahoon, K. DeAngelis, M. DeBadts, K Durham, E. Magin, C. Parton, O. Rothfuss III voted yes.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

9. PUBLIC PARTICIPATION:

Mrs. June Muto mentioned that there will be a Career Day/Fair at the High School on April 28th beginning at 7:20. There will be a motivational speaker (past NR-W graduate Nels Kreman) and (5) 20-25 minute sessions on career choices will occur. There are 54 different careers being represented. Trooper Kauder will be presenting “The Convincer”, an awareness program for buckling up seat belts in a car.

Mrs. Muto also spoke about the DWI Crash Scene Scenario that will take place on May 5th with Red Creek Central school. There will be an audience of approximately 100-150 11th and 12th grade students. The scenario will be a DWI related, head-on accident, with two cars and a bus. Many area volunteer companies will participate including fire rescue personnel and EMT’s from North Rose, Wolcott, and Red Creek. Afterward there will be a debriefing of NR-W and Red Creek students where the long term impact of an accident will be discussed. It is hoped that this event will prove beneficial especially as Prom and Ball times approach.

Mrs. Henner called for a short break. Jan McDorman and all guests left the meeting at this time. Lucinda Miner served as note taker for the remainder of the meeting.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Finger Lakes Times newspaper article “NR-W board OK’s 2009-10 budget”, Finger Lakes Times newspaper article “Middle school designated ‘in need of improvement’”, Newspaper article “NR-W students display their senior art portfolios”, Use of Facilities, Capital Project Meeting Minutes #00013 - March 11, 2009, The Advocate - April 2009, BOCES Board Member Candidate Information on Jeanne Durfee, Wayne Central School District, BOCES Board Member Candidate Information on O.J. Sahler, Canandaigua City School District, BOCES Board Member Candidate Information on Lynn Gay, Bloomfield Central School District, Wayne County Star letter to the Editor: “Our Music Program”, Wayne County Star article: “NR-W Budget Subtracts Positions”, Anonymous letter

9. PUBLIC PARTICIPATION:

Mrs. June Muto mentioned that there will be a Career Day/Fair at the High School on April 28th beginning at 7:20. There will be a motivational speaker (past NR-W graduate Nels Kreman) and (5) 20-25 minute sessions on career choices will occur. There are 54 different careers being represented. Trooper Kauder will be presenting “The Convincer”, an awareness program for buckling up seat belts in a car.

Mrs. Muto also spoke about the DWI Crash Scene Scenario that will take place on May 5th with Red Creek Central school. There will be an audience of approximately 100-150 11th and 12th grade students. The scenario will be a DWI related, head-on accident, with two cars and a bus. Many area volunteer companies will participate including fire rescue personnel and EMT’s from North Rose, Wolcott, and Red Creek. Afterward there will be a debriefing of NR-W and Red Creek students where the long term impact of an accident will be discussed. It is hoped that this event will prove beneficial especially as Prom and Ball times approach.

Mrs. Henner called for a short break. Jan McDorman and all guests left the meeting at this time. Lucinda Miner served as note taker for the remainder of the meeting.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S
REPORTS:

The Board thanked the administrators for their reports.

4b. STUDENT BOE
MEMBER REPORT:
LARISSA BODINE

Larissa Bodine met with Mrs. Miner to discuss an exit poll to be conducted at the Budget vote. She will be formulating an exit poll, and welcomes input from other Board members.

- 4c. OTHER GOOD NEWS OF THE DISTRICT: Mrs. Miner commented that the music concert at North Rose Elementary was very impressive.
- 4d. OTHER: Mrs. Henner mentioned that she has a DVD on “How to Lobby” that will be passed from one Board member to the next to view.
- 5a. SUPERINTENDENT’S UPDATE: Mrs. Miner spoke about the recent Curriculum Development meeting she attended. She mentioned that the Capital Project is keeping on budget and is on time. A site tour will be scheduled for Board members to view the progress of the Capital project.
- 5b. BUSINESS ADMINISTRATOR’S UPDATE: Robert Magin has recently attended a meeting given by Sustainable Energy Developments, Inc. on wind energy. The company is currently working with Wayne and Sodus school districts. The State Education Department has viewed wind energy as a Capital Project item and there is state aid available for it. Robert Magin will be scheduling an appointment for the Board’s Energy Committee to meet with the company. It was mentioned that there are many new improvements in wind turbines, and that the Sodus school district is doing a presentation on wind energy at the Rotary meeting to be held on May 13th at 12:00 at the Elks lodge. Anyone desirable of attending can contact Mrs. Miner or Robert Magin. Robert Magin mentioned that the Capital Project is moving along great. The Pool Pack is to arrive on April 23rd. Mr. Robert Magin shared information about the progress of the Adaptive PE Center and the classroom edition at the High School. He mentioned that the driving range is open for the season, and spoke about an irrigation situation.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S
REPORTS:

The Board thanked the administrators for their reports.

4b. STUDENT BOE
MEMBER REPORT:
LARISSA BODINE

Larissa Bodine met with Mrs. Miner to discuss an exit poll to be conducted at the Budget vote. She will be formulating an exit poll, and welcomes input from other Board members.

- 4c. OTHER GOOD NEWS OF THE DISTRICT: Mrs. Miner commented that the music concert at North Rose Elementary was very impressive.
- 4d. OTHER: Mrs. Henner mentioned that she has a DVD on “How to Lobby” that will be passed from one Board member to the next to view.
- 5a. SUPERINTENDENT’S UPDATE: Mrs. Miner spoke about the recent Curriculum Development meeting she attended. She mentioned that the Capital Project is keeping on budget and is on time. A site tour will be scheduled for Board members to view the progress of the Capital project.
- 5b. BUSINESS ADMINISTRATOR’S UPDATE: Robert Magin has recently attended a meeting given by Sustainable Energy Developments, Inc. on wind energy. The company is currently working with Wayne and Sodus school districts. The State Education Department has viewed wind energy as a Capital Project item and there is state aid available for it. Robert Magin will be scheduling an appointment for the Board’s Energy Committee to meet with the company. 2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S
REPORTS:

The Board thanked the administrators for their reports.

4b. STUDENT BOE
MEMBER REPORT:
LARISSA BODINE

Larissa Bodine met with Mrs. Miner to discuss an exit poll to be conducted at the Budget vote. She will be formulating an exit poll, and welcomes input from other Board members.

- 4d. OTHER: Mrs. Henner mentioned that she has a DVD on “How to Lobby” that will be passed from one Board member to the next to view.
- 5a. SUPERINTENDENT’S UPDATE: Mrs. Miner spoke about the recent Curriculum Development meeting she attended. She mentioned that the Capital Project is keeping on budget and is on time. A site tour will be scheduled for Board members to view the progress of the Capital project.
- 5b. BUSINESS ADMINISTRATOR’S UPDATE: Robert Magin has recently attended a meeting given by Sustainable Energy Developments, Inc. on wind energy. The company is currently working with Wayne and Sodus school districts. The State Education Department has viewed wind energy as a Capital Project item and there is state aid available for it. Robert Magin will be scheduling an appointment for the Board’s Energy Committee to meet with the company. It was mentioned that there are many new improvements in wind turbines, and that the Sodus school district is doing a presentation on wind energy at the Rotary meeting to be held on May 13th at 12:00 at the Elks lodge. Anyone desirable of attending can contact Mrs. Miner or Robert Magin. Robert Magin mentioned that the Capital Project is moving along great. The Pool Pack is to arrive on April 23rd. Mr. Robert Magin shared information about the progress of the Adaptive PE Center and the classroom edition at the High School. He mentioned that the driving range is open for the season, and spoke about an irrigation situation.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S
REPORTS:

The Board thanked the administrators for their reports.

4b. STUDENT BOE
MEMBER REPORT:
LARISSA BODINE

Larissa Bodine met with Mrs. Miner to discuss an exit poll to be conducted at the Budget vote. She will be formulating an exit poll, and welcomes input from other Board members.

- 4c. OTHER GOOD NEWS OF THE DISTRICT: Mrs. Miner commented that the music concert at North Rose Elementary was very impressive.
- 4d. OTHER: Mrs. Henner mentioned that she has a DVD on “How to Lobby” that will be passed from one Board member to the next to view.
- 5a. SUPERINTENDENT’S UPDATE: Mrs. Miner spoke about the recent Curriculum Development meeting she attended. She mentioned that the Capital Project is keeping on budget and is on time. A site tour will be scheduled for Board members to view the progress of the Capital project.
- 5b. BUSINESS ADMINISTRATOR’S UPDATE: Robert Magin has recently attended a meeting given by Sustainable Energy Developments, Inc. on wind energy. The company is currently working with Wayne and Sodus school districts. The State Education Department has viewed wind energy as a Capital Project item and there is state aid available for it. Robert Magin will be scheduling an appointment for the Board’s Energy Committee to meet with the company. It was mentioned that there are many new improvements in wind turbines, and that the Sodus school district is doing a presentation on wind energy at the Rotary meeting to be held on May 13th at 12:00 at the Elks lodge. Anyone desirable of attending can contact Mrs. Miner or Robert Magin. Robert Magin mentioned that the Capital Project is moving along great. The Pool Pack is to arrive on April 23rd. Mr. Robert Magin shared information about the progress of the Adaptive PE Center and the classroom edition at the High School. He mentioned that the driving range is open for the season, and spoke about an irrigation situation.
- 6a. MEETING MINUTES APRIL 7, 2009 Clifford Parton moved and Ora Rothfuss III seconded the following motion. The vote was unanimous. N. Henner, J. Buckalew, R. Cahoon, K. DeAngelis, M. DeBadts, K Durham, E. Magin, C. Parton, O. Rothfuss III voted yes.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

Mrs. Muto also spoke about the DWI Crash Scene Scenario that will take place on May 5th with Red Creek Central school. There will be an audience of approximately 100-150 11th and 12th grade students. The scenario will be a DWI related, head-on accident, with two cars and a bus. Many area volunteer companies will participate including fire rescue personnel and EMT’s from North Rose, Wolcott, and Red Creek. Afterward there will be a debriefing of NR-W and Red Creek students where the long term impact of an accident will be discussed. It is hoped that this event will prove beneficial especially as Prom and Ball times approach.

Mrs. Henner called for a short break. Jan McDorman and all guests left the meeting at this time. Lucinda Miner served as note taker for the remainder of the meeting.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S
REPORTS:

The Board thanked the administrators for their reports.

4b. STUDENT BOE
MEMBER REPORT:
LARISSA BODINE

Larissa Bodine met with Mrs. Miner to discuss an exit poll to be conducted at the Budget vote. She will be formulating an exit poll, and welcomes input from other Board members.

- 4c. OTHER GOOD NEWS OF THE DISTRICT: Mrs. Miner commented that the music concert at North Rose Elementary was very impressive.
- 4d. OTHER: Mrs. Henner mentioned that she has a DVD on “How to Lobby” that will be passed from one Board member to the next to view.
- 5a. SUPERINTENDENT’S UPDATE: Mrs. Miner spoke about the recent Curriculum Development meeting she attended. She mentioned that the Capital Project is keeping on budget and is on time. A site tour will be scheduled for Board members to view the progress of the Capital project.
- 5b. BUSINESS ADMINISTRATOR’S UPDATE: Robert Magin has recently attended a meeting given by Sustainable Energy Developments, Inc. on wind energy. The company is currently working with Wayne and Sodus school districts. The State Education Department has viewed wind energy as a Capital Project item and there is state aid available for it. Robert Magin will be scheduling an appointment for the Board’s Energy Committee to meet with the company. It was mentioned that there are many new improvements in wind turbines, and that the Sodus school district is doing a presentation on wind energy at the Rotary meeting to be held on May 13th at 12:00 at the Elks lodge. Anyone desirable of attending can contact Mrs. Miner or Robert Magin. Robert Magin mentioned that the Capital Project is moving along great. The Pool Pack is to arrive on April 23rd. Mr. Robert Magin shared information about the progress of the Adaptive PE Center and the classroom edition at the High School. He mentioned that the driving range is open for the season, and spoke about an irrigation situation.
- 6a. MEETING MINUTES APRIL 7, 2009 Clifford Parton moved and Ora Rothfuss III seconded the following motion. The vote was unanimous. N. Henner, J. Buckalew, R. Cahoon, K. DeAngelis, M. DeBadts, K Durham, E. Magin, C. Parton, O. Rothfuss III voted yes.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S
REPORTS:

The Board thanked the administrators for their reports.

4b. STUDENT BOE
MEMBER REPORT:
LARISSA BODINE

Larissa Bodine met with Mrs. Miner to discuss an exit poll to be conducted at the Budget vote. She will be formulating an exit poll, and welcomes input from other Board members.

- 4c. OTHER GOOD NEWS OF THE DISTRICT: Mrs. Miner commented that the music concert at North Rose Elementary was very impressive.
- 4d. OTHER: Mrs. Henner mentioned that she has a DVD on “How to Lobby” that will be passed from one Board member to the next to view.
- 5a. SUPERINTENDENT’S UPDATE: Mrs. Miner spoke about the recent Curriculum Development meeting she attended. She mentioned that the Capital Project is keeping on budget and is on time. A site tour will be scheduled for Board members to view the progress of the Capital project.
- 5b. BUSINESS ADMINISTRATOR’S UPDATE: Robert Magin has recently attended a meeting given by Sustainable Energy Developments, Inc. on wind energy. The company is currently working with Wayne and Sodus school districts. The State Education Department has viewed wind energy as a Capital Project item and there is state aid available for it. Robert Magin will be scheduling an appointment for the Board’s Energy Committee to meet with the company. It was mentioned that there are many new improvements in wind turbines, and that the Sodus school district is doing a presentation on wind energy at the Rotary meeting to be held on May 13th at 12:00 at the Elks lodge. Anyone desirable of attending can contact Mrs. Miner or Robert Magin. Robert Magin mentioned that the Capital Project is moving along great. The Pool Pack is to arrive on April 23rd. Mr. Robert Magin shared information about the progress of the Adaptive PE Center and the classroom edition at the High School. He mentioned that the driving range is open for the season, and spoke about an irrigation situation.

You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

8. INFORMATIONAL The following informational items were shared with the Board:

ITEMS:

Finger Lakes Times newspaper article “NR-W board OK’s 2009-10 budget”, Finger Lakes Times newspaper article “Middle school designated ‘in need of improvement’”, Newspaper article “NR-W students display their senior art portfolios”, Use of Facilities, Capital Project Meeting Minutes #00013 - March 11, 2009, The Advocate - April 2009, BOCES Board Member Candidate Information on Jeanne Durfee, Wayne Central School District, BOCES Board Member Candidate Information on O.J. Sahler, Canandaigua City School District, BOCES Board Member Candidate Information on Lynn Gay, Bloomfield Central School District, Wayne County Star letter to the Editor: “Our Music Program”, Wayne County Star article: “NR-W Budget Subtracts Positions”, Anonymous letter

9. PUBLIC PARTICIPATION:

Mrs. June Muto mentioned that there will be a Career Day/Fair at the High School on April 28th beginning at 7:20. There will be a motivational speaker (past NR-W graduate Nels Kreman) and (5) 20-25 minute sessions on career choices will occur. There are 54 different careers being represented. Trooper Kauder will be presenting “The Convincer”, an awareness program for buckling up seat belts in a car.

Mrs. Muto also spoke about the DWI Crash Scene Scenario that will take place on May 5th with Red Creek Central school. There will be an audience of approximately 100-150 11th and 12th grade students. The scenario will be a DWI related, head-on accident, with two cars and a bus. Many area volunteer companies will participate including fire rescue personnel and EMT’s from North Rose, Wolcott, and Red Creek. Afterward there will be a debriefing of NR-W and Red Creek students where the long term impact of an accident will be discussed. It is hoped that this event will prove beneficial especially as Prom and Ball times approach.

Mrs. Henner called for a short break. Jan McDorman and all guests left the meeting at this time. Lucinda Miner served as note taker for the remainder of the meeting.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S
REPORTS:

The Board thanked the administrators for their reports.

4b. STUDENT BOE
MEMBER REPORT:
LARISSA BODINE

Larissa Bodine met with Mrs. Miner to discuss an exit poll to be conducted at the Budget vote. She will be formulating an exit poll, and welcomes input from other Board members.

- 4c. OTHER GOOD NEWS OF THE DISTRICT: Mrs. Miner commented that the music concert at North Rose Elementary was very impressive.
- 4d. OTHER: Mrs. Henner mentioned that she has a DVD on “How to Lobby” that will be passed from one Board member to the next to view.
- 5a. SUPERINTENDENT’S UPDATE: Mrs. Miner spoke about the recent Curriculum Development meeting she attended. She mentioned that the Capital Project is keeping on budget and is on time. A site tour will be scheduled for Board members to view the progress of the Capital project.
- 5b. BUSINESS ADMINISTRATOR’S UPDATE: Robert Magin has recently attended a meeting given by Sustainable Energy Developments, Inc. on wind energy. The company is currently working with Wayne and Sodus school districts. The State Education Department has viewed wind energy as a Capital Project item and there is state aid available for it. Robert Magin will be scheduling an appointment for the Board’s Energy Committee to meet with the company. It was mentioned that there are many new improvements in wind turbines, and that the Sodus school district is doing a presentation on wind energy at the Rotary meeting to be held on May 13th at 12:00 at the Elks lodge. Anyone desirable of attending can contact Mrs. Miner or Robert Magin. Robert Magin mentioned that the Capital Project is moving along great. The Pool Pack is to arrive on April 23rd. Mr. Robert Magin shared information about the progress of the Adaptive PE Center and the classroom edition at the High School. He mentioned that the driving range is open for the season, and spoke about an irrigation situation.
- 6a. MEETING MINUTES APRIL 7, 2009 Clifford Parton moved and Ora Rothfuss III seconded the following motion. The vote was unanimous. N. Henner, J. Buckalew, R. Cahoon, K. DeAngelis, M. DeBadts, K Durham, E. Magin, C. Parton, O. Rothfuss III voted yes.

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

9. PUBLIC PARTICIPATION:

Mrs. June Muto mentioned that there will be a Career Day/Fair at the High School on April 28th beginning at 7:20. There will be a motivational speaker (past NR-W graduate Nels Kreman) and (5) 20-25 minute sessions on career choices will occur. There are 54 different careers being represented. Trooper Kauder will be presenting “The Convincer”, an awareness program for buckling up seat belts in a car.

Mrs. Muto also spoke about the DWI Crash Scene Scenario that will take place on May 5th with Red Creek Central school. There will be an audience of approximately 100-150 11th and 12th grade students. The scenario will be a DWI related, head-on accident, with two cars and a bus. Many area volunteer companies will participate including fire rescue personnel and EMT’s from North Rose, Wolcott, and Red Creek. Afterward there will be a debriefing of NR-W and Red Creek students where the long term impact of an accident will be discussed. It is hoped that this event will prove beneficial especially as Prom and Ball times approach.

Mrs. Henner called for a short break. Jan McDorman and all guests left the meeting at this time. Lucinda Miner served as note taker for the remainder of the meeting.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. 9. PUBLIC PARTICIPATION:

Mrs. June Muto mentioned that there will be a Career Day/Fair at the High School on April 28th beginning at 7:20. There will be a motivational speaker (past NR-W graduate Nels Kreman) and (5) 20-25 minute sessions on career choices will occur. There are 54 different careers being represented. Trooper Kauder will be presenting “The Convincer”, an awareness program for buckling up seat belts in a car.

Mrs. Muto also spoke about the DWI Crash Scene Scenario that will take place on May 5th with Red Creek Central school. There will be an audience of approximately 100-150 11th and 12th grade students. The scenario will be a DWI related, head-on accident, with two cars and a bus. Many area volunteer companies will participate including fire rescue personnel and EMT’s from North Rose, Wolcott, and Red Creek. Afterward there will be a debriefing of NR-W and Red Creek students where the long term impact of an accident will be discussed. It is hoped that this event will prove beneficial especially as Prom and Ball times approach.

Mrs. Henner called for a short break. Jan McDorman and all guests left the meeting at this time. Lucinda Miner served as note taker for the remainder of the meeting.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S
REPORTS:

The Board thanked the administrators for their reports.

4b. STUDENT BOE
MEMBER REPORT:
LARISSA BODINE

Larissa Bodine met with Mrs. Miner to discuss an exit poll to be conducted at the Budget vote. She will be formulating an exit poll, and welcomes input from other Board members.

- 4c. OTHER GOOD NEWS OF THE DISTRICT: Mrs. Miner commented that the music concert at North Rose Elementary was very impressive.
- 4d. OTHER: Mrs. Henner mentioned that she has a DVD on “How to Lobby” that will be passed from one Board member to the next to view.
- 5a. SUPERINTENDENT’S UPDATE: Mrs. Miner spoke about the recent Curriculum Development meeting she attended. She mentioned that the Capital Project is keeping on budget and is on time. A site tour will be scheduled for Board members to view the progress of the Capital project.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S
REPORTS:

The Board thanked the administrators for their reports.

4b. STUDENT BOE
MEMBER REPORT:
LARISSA BODINE

Larissa Bodine met with Mrs. Miner to discuss an exit poll to be conducted at the Budget vote. She will be formulating an exit poll, and welcomes input from other Board members.

- 4c. OTHER GOOD NEWS OF THE DISTRICT: Mrs. Miner commented that the music concert at North Rose Elementary was very impressive.

The company is currently working with Wayne and Sodus school districts. The State Education Department has viewed wind energy as a Capital Project item and there is state aid available for it. Robert Magin will be scheduling an appointment for the Board’s Energy Committee to meet with the company. It was mentioned that there are many new improvements in wind turbines, and that the Sodus school district is doing a presentation on wind energy at the Rotary meeting to be held on May 13th at 12:00 at the Elks lodge. Anyone desirable of attending can contact Mrs. Miner or Robert Magin. Robert Magin mentioned that the Capital Project is moving along great. The Pool Pack is to arrive on April 23rd. Mr. Robert Magin shared information about the progress of the Adaptive PE Center and the classroom edition at the High School. He mentioned that the driving range is open for the season, and spoke about an irrigation situation.
- 6a. MEETING MINUTES APRIL 7, 2009 Clifford Parton moved and Ora Rothfuss III seconded the following motion. The vote was unanimous. N. Henner, J. Buckalew, R. Cahoon, K. DeAngelis, M. DeBadts, K Durham, E. Magin, C. Parton, O. Rothfuss III voted yes.

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S
REPORTS:

The Board thanked the administrators for their reports.

4b. STUDENT BOE
MEMBER REPORT:
LARISSA BODINE

Larissa Bodine met with Mrs. Miner to discuss an exit poll to be conducted at the Budget vote. She will be formulating an exit poll, and welcomes input from other Board members.

- 4c. OTHER GOOD NEWS OF THE DISTRICT: Mrs. Miner commented that the music concert at North Rose Elementary was very impressive.
- 4d. OTHER: Mrs. Henner mentioned that she has a DVD on “How to Lobby” that will be passed from one Board member to the next to view.
- 5a. SUPERINTENDENT’S UPDATE: Mrs. Miner spoke about the recent Curriculum Development meeting she attended. She mentioned that the Capital Project is keeping on budget and is on time. A site tour will be scheduled for Board members to view the progress of the Capital project.
- 5b. BUSINESS ADMINISTRATOR’S UPDATE: Robert Magin has recently attended a meeting given by Sustainable Energy Developments, Inc. on wind energy. The company is currently working with Wayne and Sodus school districts. The State Education Department has viewed wind energy as a Capital Project item and there is state aid available for it. Robert Magin will be scheduling an appointment for the Board’s Energy Committee to meet with the company. It was mentioned that there are many new improvements in wind turbines, and that the Sodus school district is doing a presentation on wind energy at the Rotary meeting to be held on May 13th at 12:00 at the Elks lodge. Anyone desirable of attending can contact Mrs. Miner or Robert Magin. Robert Magin mentioned that the Capital Project is moving along great. The Pool Pack is to arrive on April 23rd. Mr. Robert Magin shared information about the progress of the Adaptive PE Center and the classroom edition at the High School. He mentioned that the driving range is open for the season, and spoke about an irrigation situation.
- 6a. MEETING MINUTES APRIL 7, 2009 Clifford Parton moved and Ora Rothfuss III seconded the following motion. The vote was unanimous. N. Henner, J. Buckalew, R. Cahoon, K. DeAngelis, M. DeBadts, K Durham, E. Magin, C. Parton, O. Rothfuss III voted yes.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S
REPORTS:

The Board thanked the administrators for their reports.

4b. STUDENT BOE
MEMBER REPORT:
LARISSA BODINE

Larissa Bodine met with Mrs. Miner to discuss an exit poll to be conducted at the Budget vote. She will be formulating an exit poll, and welcomes input from other Board members.

- 4c. OTHER GOOD NEWS OF THE DISTRICT: Mrs. Miner commented that the music concert at North Rose Elementary was very impressive.
- 4d. OTHER: Mrs. Henner mentioned that she has a DVD on “How to Lobby” that will be passed from one Board member to the next to view.
- 5a. SUPERINTENDENT’S UPDATE: Mrs. Miner spoke about the recent Curriculum Development meeting she attended. She mentioned that the Capital Project is keeping on budget and is on time. A site tour will be scheduled for Board members to view the progress of the Capital project.
- 5b. BUSINESS ADMINISTRATOR’S UPDATE: Robert Magin has recently attended a meeting given by Sustainable Energy Developments, Inc. on wind energy. The company is currently working with Wayne and Sodus school districts. The State Education Department has viewed wind energy as a Capital Project item and there is state aid available for it. Robert Magin will be scheduling an appointment for the Board’s Energy Committee to meet with the company. It was mentioned that there are many new improvements in wind turbines, and that the Sodus school district is doing a presentation on wind energy at the Rotary meeting to be held on May 13th at 12:00 at the Elks lodge. Anyone desirable of attending can contact Mrs. Miner or Robert Magin. Robert Magin mentioned that the Capital Project is moving along great. The Pool Pack is to arrive on April 23rd. Mr. Robert Magin shared information about the progress of the Adaptive PE Center and the classroom edition at the High School. He mentioned that the driving range is open for the season, and spoke about an irrigation situation.
- 6a. MEETING MINUTES APRIL 7, 2009 Clifford Parton moved and Ora Rothfuss III seconded the following motion. The vote was unanimous. N. Henner, J. Buckalew, R. Cahoon, K. DeAngelis, M. DeBadts, K Durham, E. Magin, C. Parton, O. Rothfuss III voted yes.

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

9. PUBLIC PARTICIPATION:

Mrs. June Muto mentioned that there will be a Career Day/Fair at the High School on April 28th beginning at 7:20. There will be a motivational speaker (past NR-W graduate Nels Kreman) and (5) 20-25 minute sessions on career choices will occur. There are 54 different careers being represented. Trooper Kauder will be presenting “The Convincer”, an awareness program for buckling up seat belts in a car.

Mrs. Muto also spoke about the DWI Crash Scene Scenario that will take place on May 5th with Red Creek Central school. There will be an audience of approximately 100-150 11th and 12th grade students. The scenario will be a DWI related, head-on accident, with two cars and a bus. Many area volunteer companies will participate including fire rescue personnel and EMT’s from North Rose, Wolcott, and Red Creek. Afterward there will be a debriefing of NR-W and Red Creek students where the long term impact of an accident will be discussed. It is hoped that this event will prove beneficial especially as Prom and Ball times approach.

Mrs. Henner called for a short break. Jan McDorman and all guests left the meeting at this time. Lucinda Miner served as note taker for the remainder of the meeting.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

There will be a motivational speaker (past NR-W graduate Nels Kreman) and (5) 20-25 minute sessions on career choices will occur. There are 54 different careers being represented. Trooper Kauder will be presenting “The Convincer”, an awareness program for buckling up seat belts in a car.

Mrs. Muto also spoke about the DWI Crash Scene Scenario that will take place on May 5th with Red Creek Central school. There will be an audience of approximately 100-150 11th and 12th grade students. The scenario will be a DWI related, head-on accident, with two cars and a bus. Many area volunteer companies will participate including fire rescue personnel and EMT’s from North Rose, Wolcott, and Red Creek. Afterward there will be a debriefing of NR-W and Red Creek students where the long term impact of an accident will be discussed. It is hoped that this event will prove beneficial especially as Prom and Ball times approach.

Mrs. Henner called for a short break. Jan McDorman and all guests left the meeting at this time. Lucinda Miner served as note taker for the remainder of the meeting.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

2. PUBLIC ACCESS
TO THE BOARD:

High School student Mike Chapin spoke about his concern regarding cuts in the music program. He spoke about lesson scheduling problems that may result and worries that students with different skill levels may be placed in the same lesson, or students who play different instruments may have to take lessons at the same time. He feels that this type of scenario would be detrimental to student learning. He mentioned the negative impact of a student having more than one music director, and feels that one-on-one time with a teacher is very important. He wonders if the full impact on students has been looked at.

Ora Rothfuss IV also spoke about the music program cut. He feels that a student needs to have a significant relationship with his/her music teacher, and if assigned to more than one teacher, the relationship won't happen. He mentioned that a student needs individual time with his/her instructor, and although total enrollment in the District is declining, enrollment in the music program is increasing. The decrease in the number of lessons scheduled at the High School was discussed.

3a. ART DEPARTMENT
PRESENTATION:
THE ART DEPARTMENT

A presentation was given by the Art Department showing High School student 2009 Scholastic Art entries and awards. Congratulations to Ali Dean who will be featured on television in the "School Spotlight". This is the first time that a NR-W student has been featured in this manner. Entries and awards from the R.I.T. and Lockport Buffalo Art show were displayed as well as student work from various other art events. NR-W won *Best Show Overall* at the Lockport Buffalo Art show. The new 40 minute classes this year in Art have proven very successful at the High School, with creative opportunities in many areas and levels taking place. Middle School students have submitted work to the 2009 Scholastic Art show, the Ripples Magazine, and the Wayne County Middle School Art

Show. Two new elective classes at the Middle School in Art will be offered to 8th graders next year. Ongoing art exhibits by Florentine Hendrick students can be seen at the Wolcott Library, Dr. Pugh's office, and the Montezuma Audubon Center. The North Rose Elementary school will be displaying an exhibit of student artwork in the NRE Auditorium on May 6th at 6 p.m. in conjunction with the Poetry Café. Upcoming events that won't want to be missed are: Middle School Festival of the Arts show for the 6th grade on May 11th at 6:30 and for the 7th and 8th grade on June 10th at 6:30; High School Project Phoenix fashion show on May 19th at 6:30; and High School Festival of the Arts show and Empty Bowls event on June 4th, 4-9pm.

3b. MS INTRO TO
SPANISH COURSE:
KIM BORDEN &
CRYSTAL WEIGAND

Mrs. Borden and Mrs. Weigand provided the Board with an overview for a new Spanish course at the Middle School to begin next year titled "Introduction to Spanish." The course will be offered to students with identified learning disabilities and will be appropriate for their level. Students in this course will not have to pass the NYS Proficiency Exam. The course will satisfy one year of the two year requirement of Foreign Language in grades 7-9. The class size of 12-15 students will be manageable, and curriculum work will involve consultation with the High School Language Department.

3c. SECOND LIFE
PRESENTATION:
CYNTHIA DUPREY

Mrs. Duprey presented an overview of the 40 minute course she has started this year on virtual worlds, putting our school on the cutting edge of technology. She explained that Second Life is a MUVE (**multi-user virtual environment**). Owned by Lyndon Labs, it is a computer virtual world inhabited by 7 million people. There are four BOCES owned closed sims, and BOCES determines who can be on the system, insuring the safety of students. NR-W is the only school presently in the BOCES region using this. Unlike a game that is programmed for you to play, the tools are given to you to create the environment yourself. You create your own avatar (the character representing you), and all NR-W avatars are "dropping in" or entering the virtual world in the same designated place. Avatars learn to talk, fly, and can change their appearance. An example of its use was presented in a power point presentation. The use of open and closed sims was discussed. The Alliance Library System has an open sim that we are not allowed to use at this time, called "In the Land of Lincoln". This is a recreation of 1864 Illinois, where you can be placed back in time on the streets of Illinois, and talk to Lincoln if you wish. Other open educational grids are to be expected in the future. Mrs. Duprey recommends that the Board develop a policy for the District on virtual worlds.

4a. ADMINISTRATOR'S
REPORTS:

The Board thanked the administrators for their reports.

4b. STUDENT BOE
MEMBER REPORT:
LARISSA BODINE

Larissa Bodine met with Mrs. Miner to discuss an exit poll to be conducted at the Budget vote. She will be formulating an exit poll, and welcomes input from other Board members.

- 4c. OTHER GOOD NEWS OF THE DISTRICT: Mrs. Miner commented that the music concert at North Rose Elementary was very impressive.
- 4d. OTHER: Mrs. Henner mentioned that she has a DVD on “How to Lobby” that will be passed from one Board member to the next to view.
- 5a. SUPERINTENDENT’S UPDATE: Mrs. Miner spoke about the recent Curriculum Development meeting she attended. She mentioned that the Capital Project is keeping on budget and is on time. A site tour will be scheduled for Board members to view the progress of the Capital project.
- 5b. BUSINESS ADMINISTRATOR’S UPDATE: Robert Magin has recently attended a meeting given by Sustainable Energy Developments, Inc. on wind energy. The company is currently working with Wayne and Sodus school districts. The State Education Department has viewed wind energy as a Capital Project item and there is state aid available for it. Robert Magin will be scheduling an appointment for the Board’s Energy Committee to meet with the company. It was mentioned that there are many new improvements in wind turbines, and that the Sodus school district is doing a presentation on wind energy at the Rotary meeting to be held on May 13th at 12:00 at the Elks lodge. Anyone desirable of attending can contact Mrs. Miner or Robert Magin. Robert Magin mentioned that the Capital Project is moving along great. The Pool Pack is to arrive on April 23rd. Mr. Robert Magin shared information about the progress of the Adaptive PE Center and the classroom edition at the High School. He mentioned that the driving range is open for the season, and spoke about an irrigation situation.
