

Message from Orvis

You are Orvis. Since you cannot send pictures or words, you will have to send colors instead.

1. Read the colors in the first row (going across) to your partner, the satellite in space. As the satellite receives your message, they should put the appropriately colored candy in the boxes, one piece of candy in each box. The satellite should repeat them back to you to be sure they received correctly. Make any corrections necessary.
2. Do the same for each of the other rows, one at a time.
3. When you have delivered all of your message there should be a written message for the satellite.
4. Switch roles with you being the sender and your partner being the receiver, using Message sheet #2.
Make up your own messages to send. Add more squares if necessary.

	1	2	3	4	5
A	Red	Yellow	Red	Yellow	Orange
B	Red	Grape	Red	Green	Orange
C	Red	Red	Red	Yellow	Orange
D	Red	Yellow	Red	Green	Orange
E	Red	Green	Red	Grape	Orange
