

SAMPLE SPREADSHEET

This is a sample spreadsheet using excel. I have this on my disk only to show how easy it is to save sc

27	32	21	56	Hike!
----	----	----	----	-------

something other than a word document. It works exactly the same way, just point and click and you can s

save something to docushare as easily and quickly as you can to your own hard drive or floppy.
