

A Powerpoint Presentation

You can save these to docushare, too!

Imagine...

- You have enough time to actually plan a powerpoint presentation for a major unit
- You save the powerpoint to docushare
- Kids and parents can see the lecture notes at home
- Sick kids can get their work without you writing up stuff
- Everybody has the notes the way you want them to have them whenever they need them

This may be the future of homework

Some men see things as they are and
ask why. Others see things as they
may be and ask why not.
