

## **Superintendent's Dashboard**

### **August 7, 2016**

- The APPR document has been submitted to SED and we have received feedback as to changes that will be required prior to approval. We will make the recommended changes and resubmit by the end of this week.

The first meeting for teacher negotiations was postponed as the union did not have their proposals ready. A meeting will be scheduled in August.

- On July 27, I traveled to Albany to meet with Carl Thurneau, Head of Facilities and Planning, NYSED. Also attending the meeting on behalf of the District was Scott Bischooping WFL District Superintendent, Joseph Kosiorek, architect, and Dr. Richard Timbs. Mr. Thurneau has agreed to reexamine our aid ceilings and see if this may help us close our gap for a middle school project. I will provide additional details as they become available. Joe has also commenced working with Campus Construction, construction manager, on examining the scope and cost of a project.
- We have had several staff submit letters of resignation in order to take positions closer to their homes. This will have us searching and interviewing right up to the start of school. I would ask the Board to look at their calendars so that if we need a very brief meeting to appoint staff in August we might reserve the date at Tuesday's meeting.
- The investigation regarding the staff member's arrest is ongoing. The alleged criminal charges are very serious and I will be making a recommendation to the Board when the investigation has concluded. Additional details will be provided in executive session.
- We have received and commenced disaggregating the Grades 3-8 ELA and Math assessment results. More detailed information will be provided at our meeting. I have attached the Commissioner's report on state-wide assessment results.
- Please plan to discuss BOE committees and what you are interested in serving on for the 2016-17 year.

If you have any questions or concerns, please contact Cinda or me. Also, if you email Cinda or me a questions or request for information, please copy the entire Board as other members may have the same question.
