

**THE MEMORY
PROJECT
2007**

North Rose-Wolcott High School

Twenty-two art students at NRW participated in the Memory Project this year. After receiving photographs of orphans from Egypt, students created beautiful portraits to send back to them.

The finished portraits will be mailed to Ben Schumacher who created and facilitates the project in Wisconsin. He will personally be flying to Egypt to bring the portraits to the children.

He hopes to take pictures of each child receiving their portrait. These will be sent to the artists. The cost of being part of the program, \$10.00 per student artist, is being funded by NRW Art Club.

If you would like to contribute to the cause, we will be selling note cards featuring the orphan portraits.
