OMNI Mission Statement

OMNI's mission is to be the nation's most respected and valued 403(b)/457(b) third party administrator. We will establish and maintain a culture that supports our team members so they can provide exceptional services to our clients, their employees, and financial professionals. Backed by cutting edge technology, our team members will work together with our clients to ensure retirement plan compliance with state and federal regulations, as well as fostering a greater awareness of the importance of retirement savings amongst employees and society as a whole.

403(b). Why me?

OMNI offers a short video on the advantages of participating in a 403(b) plan.

Meet Harry, Sally and their Uncle Sam. Harry and Sally both begin working for the same school district at the same time. Sally immediately begins contributing to her 403(b) plan while Harry decides to put it off, not recognizing the importance of retirement savings during the early stages of his career.

Sally reaps the tax benefits from her 403(b) contributions, while building a nest egg through her first years of employment and eventually becoming a full-time mother after seven years of working and saving. Harry meanwhile, ends up working longer than he'd planned due to neglecting voluntary retirement benefits.

The story of Harry and Sally is followed by a presentation of 403(b) basic information.

Limits

2017 Maximum Allowable Contribution Limits

The IRS has recently announced the 2017 Maximum Allowable Contribution (MAC) limits, all of which remained unchanged from 2016 with the exception of a \$1,000 increase to the non-elective/ employer contributions.

Limits	2016	2017
403(b)/457(b) Elective Deferrals	\$18,000.00	\$18,000.00
Catch-Up Contribution	\$6,000.00	\$6,000.00
Non-elective/Employer Contributions (Section 415(c))	\$53,000.00	\$54,000.00

Additionally, individuals with at least 15 years of service with their current employer will continue to have the opportunity to contribute up to an additional \$3,000 above their age-based limit, potentially increasing the limit to \$27,000 for a participant utilizing both the age based and the full amount of the service based catch-up provisions. Recipients of non-elective contributions aged 50 and up will retain the opportunity to utilize the age based catch-up beyond the 415(c) limitation, allowing for a "combined maximum" of \$60,000 in 2017. Please note that the amount of non-elective employer contributions is reduced by employee elective deferrals.

403(b) Fact:

Though the IRS restricts contributions at a certain age such as with an IRA, you may contribute to a 403(b) at any age as long as you are still working! Refer to the limits chart to see how much you can contribute per year, based on age.
