

HOME ACTIVITY: Parent & Child

Focus: To reinforce organizing information.

Activity: -Parent and child will trace their own hand on white paper.

-When the tracing is done, parent will give their hand to their child and the child will do the same.

-Parent will write five things they love about their child ,one on each finger of the child's hand (child will do the same on parent's hand).

-Both will share their writing with one another.

-Child will bring in hands to share with teacher during conferencing time.
