Wayne Central School District

## LETTER to the BOARD

February 15, 2002

*"Most of us believe in trying to make other people happy only if they can be happy in ways which we approve."*  
-- Robert C. Lynd

Greetings from Wayne Central School District.

Below are some items of interest.

### Newsletter:

1. **Soccer camp** – A board member asked about the summer soccer camp. There was concern about whether students were writing checks directly to our coach. There was an issue last year. Mr. Blankenberg has investigated the matter and finds that the camp is sponsored by and money being run through the Soccer Booster Club. It appears that everything is in order.
2. **Salaries** – Enclosed are the substitute rates proposed for next year. We discussed this in executive session. These numbers will be put in the budget after our next meeting. At the next meeting I will also be proposing the salary adjustments talked about in executive session; 3/5% increase which is the same as administrators except for Mr. Prince at \$58,600 and Mr. Atseff at the same salary as Mr. Spring. Please call me if you have any questions.
3. **Vacation** – I am going on vacation next week. Michael and I will be visiting Jill in San Diego. Yes, I will have my cell phone.

Dear Mr. Barbehenn,

Thank you for your letter of January 21, 2002 and for your interest in school facilities. To my knowledge, A Wayne Central Schools' Athletic Club has not been discussed by the School Facilities Committee, nor is it part of this Committee's responsibility which is to survey and develop a 5 year Capital Facilities Plan. I am but one member of that 22 member Committee, and speak only as an interested citizen.

Currently the Towns of Ontario and Walworth use the school facilities for their recreational programs. This provides an opportunity for all residents to use a local facility for a program use fee only. Other towns have different arrangements. Some interested citizens are looking at other options being used by towns and schools in neighboring communities.

I have very limited detailed knowledge of the current school tax situation. I do know, having served on the School Board, that the tax formula is very complex and often changeable, most often due to the State.

Please feel free to contact me in the future.

Sincerely,

**Jinny Loomis**
