

	A	B	C	D	E	F	G	H	I	J	
1			Target Math								
2	Directions:		Use math operations to create a formula that uses these 4 numbers								
3			to create the TARGET number. Put the formula in the cell in the center								
4											
5	The target is 6				Can you get the target of 6 another way?						
6											
7		3		4			3		4		
8			<input type="text"/>				<input type="text"/>				
9		3		9			3		9		
10											
11	The target is 12				The target is 13						
12											
13		1		5			1		4		
14			<input type="text"/>				<input type="text"/>				
15		8		6			8		6		
16											
17	Now create a target problem and give it to your neighbor.										
18											
19			The target is				?				
20											
21
