Wayne Central School District

LETTER to the BOARD

April 30, 2004

Greetings from Wayne Central School District. Below are some items of interest.

Newsletter:

1. **Budget Update** – I have begun presenting the budget to our faculty. It has been very well received so far. They are pleased with the program additions. They recognize the community concern over the new assessments. I believe the 1.5% tax rate should satisfy those community issues. Most area districts will see increases in the 4-6% range. There are exceptions: Clyde-Savannah will have a decrease and Victor will have a 0% increase.
2. **Goal Setting** - At the last NYSSBA Conference, some of you learned about a district that set its goals in the fall. It then used the goals to build the budget. We had a discussion about this at one of our board meetings. It appeared to be fairly well received. I would like to consider delaying our board retreat and goal setting time until this fall so we can try this model. We will talk about it at our next Board meeting, but I wanted you to begin thinking about the idea.
3. **Energy Proposals** – The request for proposal documentation has been sent out to four companies in the Syracuse and Rochester Area. The date for the mandatory contractor walk through is May 13 with the due date for proposals being June 15.
4. **Events** –

WAYNE MIDDLE SCHOOL WINS FIRST PLACE IN STATE SCIENCE OLYMPIAD COMPETITION

The Wayne Middle School team placed first in the New York State Science Olympiad competition held Saturday, April 24 at St John Fisher College. Last month, the team placed first in regional competition outscoring 35 other schools from the central western New York area. In the state competition, Wayne soundly defeated 38 other championship schools from throughout the state.

Competing in 24 different events, team members earned medals in 12 contests. First place medals went to Ben Mears and Dan Frederes for Meteorology, to Ben Mears and Ashley Stanley for Pentathlon, and to Ben Mears and Emma Fink for Science of Fitness.

Second place medals went to Ben Mears and Ryan Lattanzio for Metric Estimation and to Dan Frederes and Randy Mason for Water Quality.

Third place medals were awarded to Ben Mears, Julie Weidner and Dan Frederes for Experimental Design, to Eric Frauel and Ashley Stanley for Naked Egg Drop, and to Gage Howard and Randy Mason for Wheeled Vehicle.

Fourth place medals went to Randy Mason and Jamie Wisner for Bottle Rocket, to Jessica Bellingham and Emily Hoogesteger for Forestry, and Eric Frauel and Emily Hoogesteger for Map Reading.

Fifth place medals went to Allison Kritall and Eric Frauel for Bridge Building.

Special congratulations to Mike Bodak and Stephanie Mason who coached several events that led to the success of the team. And special recognition goes to Ben Mears who earned five medals – three of which were gold. Way to go!!

Both team and event coaches are extremely proud of the team's preparation, discipline, and performance.

As the first place winner from New York State, the team now moves to national competition next month at Juniata College in Pennsylvania.

April, 2004

April is Alcohol Awareness Month "Save a Life— End Underage Drinking"

A primary focus of Alcohol Awareness Month for the last 10 years has been underage drinking and the devastating effects it can have on our youth. There are several tragic reasons to take underage drinking seriously: highway death, drowning, suicide, violent injury and unwanted pregnancy. Did you know???

- High school students still consume 31 million gallons of wine coolers and 102 million gallons of beer each year.
- The vast majority of students don't know that a standard mixed drink, a glass of table wine, a can of beer all contain the same amount of alcohol.
- Drinking is associated with the leading cause of death among young people, including car crashes, murder and suicide.
- A 16 year old is more likely to die from a

drinking related problem than another cause.

- Bars and stores that sell alcohol to minors are pushing the illegal drug that does the most damage.
- Although most teenagers know that you should not drink and drive, nearly 1/2 still accept rides from drivers who have been drinking.
- Nearly 2/3 of teenagers who drink—including those as young as 12 or 13—report that they can walk into a store and buy their own alcoholic beverages.

Underage drinking is a critical public health issue in our community. Alcohol is a drug that can affect judgment, coordination and long-term health. Research suggests that

the early use of alcohol by teenagers may contribute significantly to dependence on alcohol and other drugs later in life, with 40% of children who begin using alcohol before age 13 becoming alcoholics at some point in their lives.

As a concerned school community what can we do?

- We must curtail the availability of alcohol
- We must ensure consistent enforcement of existing laws and regulations.
- We must change the societal norms, beliefs and consequently the behaviors which promote or normalize underage drinking.

This Month's Character Traits are Practicing a Healthful Lifestyle

- Optimism
- Personal Safety
- No Harmful substances

"The secret of health for both mind and body is not to mourn for the past, worry about the future, or anticipate troubles but to live in the present moment wisely and earnestly."

NYS LAND PRESERVATION GRANT PROGRAM:

David Wilbert, 4418 Ontario Center Road, stated that he is interested in applying for the NYS Land Preservation Grant for his 165 acre fruit farm.

RESOLUTION:

Councilman Yale offered the following resolution and moved its adoption, seconded by Councilman Maciuska to wit:

WHEREAS, the Walworth Comprehensive Plan states “One of the most important goals of the Walworth Comprehensive Plan is to preserve the rural atmosphere of the Town, making farmland and open space preservation one of the most critical aspects of implementation,” and

WHEREAS, David Wilbert is an active, long-standing farmer in Walworth who owns approximately 165 acres; and is willing to consider selling the development rights for his property; and

WHEREAS, this project will provide a significant step toward accomplishing the Comprehensive Plan goal, and

WHEREAS, establishing the fair market value of the development rights will demonstrate both reasonable project cost and local support in a grant proposal, and

WHEREAS, Wayne County has agreed to pay one-third of the project cost as per resolution 65-03;

NOW, THEREFORE BE IT RESOLVED, that the Town Board enter into a contractual agreement for the appraisal of the above mentioned property, contingent upon the Landowner and County also entering into said agreement, for a cost to the Town not to exceed \$1,100, with the understanding that upon the sale of the development rights as part of this grant proposal, the Landowner will reimburse the Town for his portion of the above contract.

TRI-BOARD MEETING:

Supervisor Guelli stated that there will be a meeting with the Ontario Town Board and Wayne Central School Board on Thursday, April 22, 2004, at the Walworth Town Hall.

TRAFFIC SIGNS INVENTORY: COUNTY PROPOSAL:

Supervisor Guelli stated the County is asking the towns to participate in a countywide traffic sign inventory, for a cost of \$275,000-\$300,000. The cost would be divided by the number of miles in each town. Walworth's share would be \$13,539.00. All the towns must participate in order for the study to proceed. Councilman Keyes stated that the towns already have inventories. He objected to the county spending money as the two County Engineers and the Town Highway Superintendents have the expertise to do the study. Before a decision is made, it will be discussed with Mike Frederes.

COUNTY VEHICLE USE:

Motion by Councilman Keyes authorizing the Supervisor to obtain the use of a surplus county vehicle, at no cost to the town, for use by town employees. Seconded by Councilwoman Marini.
