Wayne Central School District

LETTER to the BOARD

April 29, 2005

"A successful man is one who can lay a firm foundation with the bricks others have thrown at him."
- - David Brinkley

Greetings from Wayne Central. Below are a few items of interest.

BOARD AGENDA:

1. **Budget Hearing:** The annual budget hearing will be held at 7:00 in the performing arts center. Anything you can do to get more than the traditional 4-5 people there would be great.
2. **Construction Update:** LeChase will give their monthly update on our building project. As you might expect, the work has been concentrated at the high school. We had expected to have the terrazzo floor poured by now but we are not getting low enough readings on the moisture content. They continue to monitor the numbers and will perhaps have some floors by the time of the meeting. LeChase will also review the summer schedule.
3. **Financial Update:** Mr. Atseff will give his financial update. Enclosed you will find the sheets that you requested be sent ahead of time. We are in excellent financial shape right now. If we are careful with our spending I expect this will continue for next year.
4. **Board Action Items:** With elections coming up, we need to approve our election inspectors. Enclosed is a list of inspectors from Jim. Also enclosed is the March Treasurer's report and a budget transfer for your approval.
5. **Superintendent Vacation Days:** Enclosed is a memo from Mr. Callahan indicating the number of vacation days I have remaining. As per Section VII of my contract, I am requesting that I be reimbursed for 15 days. I do not expect to turn in that many days in future years, but as you know, this has been an unusual year.

BOARD LETTER

1. **Building Project Tour:** On Wednesday, May 4th we will host tours of the high school building project. The tours will be from 6:00 – 8:00 p.m. We will show the community the new science, art, technology and TV production areas. I know you had a meeting this week, and have one next Thursday, so don't feel you have to come to the tour if you are busy (I don't want to wear you out).

2. **Passing Rates for Graduation:** Attached is information from the State Regents on the Passing Rate sliding scale and the requirements are phased in. Give me call if you have any questions.
3. **Confidential Employees:** Now that we have settled the CSEA contract, it is time to decide on the salary for our confidential employees. In the past, we have given the confidential employees the same increase as the CSEA people. We also do not have any formal resolution or policy that indicates the benefits for these folks. Our practice has been to generally model the CSEA contract. Mark is meeting with our confidential people to discuss their salary and benefits. He will be discussing this with you at an upcoming meeting. Those individuals include: Lori Smith (Superintendent's Ofc.), Diane Beluke (Business Ofc.), Judy Marino (Human Resources Ofc.), Bev Warner (Payroll Ofc.), Lee Stramonine (Treasurer)
5. **Bus Accident:** One of our buses that carried students to the TSA event at Oswego college was hit by another bus while at the Oswego campus. A bus from another district backed into our bus, which had only our bus driver on board at the time. A transportation mechanic looked over the bus and deemed the damage minor and the bus Ok to drive. There was a report filed for insurance purposes.
5. **Events:**
 - May 5 – OP/OE Dance Recital @ PAC – 7:00 p.m.
 - May 8 – Mother's Day
 - May 9 – FE Parent Group Meeting @ FE Media Center – 6:30 p.m.

Regents to Vote on Phase-In of 65 Passing Score

THE ISSUE:

The low-pass option which currently permits students to graduate with a minimum passing score of 55 on five Regents exams is due to expire in September. However, it now appears likely the Regents will give students more time to reach the 65 graduation standard.

While the Regents are clearly committed to raising the standard, they are concerned about the number of students who may not graduate under a policy that would require a score of 65 on each of the five exams. Fifteen percent or nearly 19,000 students in the class of 2004 who took all of the exams would have been denied a diploma if the new rules had been in effect.

The Regents EMSC-VESID Committee reviewed student performance data and is considering implementation of a strategy that would phase-in the 65 passing score over a three-year period. An earlier proposal that would have averaged Regents exam scores has been dropped.

Phase-in Timetable

- * For students entering grade 9 in 2005: General education students would be required to have at least three scores at 65 or above on the five required Regents exams and all scores above 55.
- * For students entering grade 9 in 2006: General education students would be required to have at least four scores at 65 or above on the five required Regents exams and all scores above 55.
- * For students entering grade 9 in 2007: General education students would be required to pass all five exams at 65 or above.
- * Students who fail to score 65 on all exams during the first two years of the phase-in ('05 and '06) would receive a local diploma.
- * Students who score 65 on all five exams would receive a Regents diploma.
- * Students who score 65 on eight exams would receive an Advanced Regents Diploma.
- * The Regents Competency Test (RCT) safety net for students with disabilities would continue to be available for students entering grade 9 prior to September 2010. Students using the safety net will receive a local diploma.

* The low-pass option of 55-64 would continue to be available for students with disabilities.

Others have suggested a slower phase-in that would require only one or perhaps two exams at 65 in the first year, with full implementation of five exams at 65 in 2008 or 09.

Commissioner Mills has argued for a faster phase-in is feasible because the data show there is little difference in the number of general education students passing at 55 and those passing at least three exams at 65 or above.

Appeals Process

The Regents are also considering an appeals process for students who score within three points of 65 and have a 65 course average. Under the plan, students may be considered for an appeal on two of the five exams. However, students who are granted an appeal on two exams would only receive a local diploma. This provision did not sit well with some Regents

who argued that if a student has successfully demonstrated the knowledge and skills required to win an appeal they should be entitled to a Regents diploma.

BACKGROUND:

The Regents have acknowledged that the proposal to phase-in the 65 graduation standard will be a significant challenge to the highest need school districts where some 38,000 students have been identified as being in academic difficulty. These students typically enter high school unprepared to do high school level work, do not pass their courses and fail to take the required Regents exams within four years.

NYSSBA has advocated for a number of modifications to the state's assessment system which we believe would more accurately gauge student achievement. These include:

- * The creation of a student assessment system that is not limited to only one test and one method of assessment. Students must be able demonstrate their mastery of essential knowledge and skills in a variety of ways.
- * An option for boards of education to award local high school diplomas.
- * Broadening the safety net to include students involved in career and technical education programs.

However, it should be noted that Commissioner Mills has said these and other proposals are unworkable because he believes they would undermine the standards and would be "fatal to school aid reform."

A number of bills that would provide more flexibility to districts have been introduced by the chairmen of the Senate and Assembly Education Committees. The sponsors have made it clear that the purpose of the bills is to help SED define its agenda, not to establish education policy.

ACT NOW:

The Regents are expected to take action at their June 20-21 meeting. We urge you to contact your Regent by phone, letter or email ASAP and make him/her aware of how this proposal would affect students in your school district.

Please call NYSSBA's Governmental Relations department at 1-800-342-3360 with any questions. We're here to help.

Mr. Tyo reported after the weekend the town had significant rainfall he and Mr. Slocum went around and checked various areas where there were drainage problems. He stated plugged drains and ditches were cleaned out and that all of the major creeks seemed to handle the water very well. He sited residents "as their own worst enemies" in cases where homeowners need to be more diligent about keeping waterways clear of debris.

APRIL 25, 2005
ONTARIO TOWN BOARD MEETING

A regular meeting of the Ontario Town Board was called to order by Supervisor Joseph Molino at 7:30 PM in the Ontario Town Hall. Present was Supervisor Joseph Molino, Councilmen: Mark Brewer, Donald Camp, Donald Shears, Director of Parks and Recreation William Riddell and Town Clerk Cathy Herzog.

Absent: Councilman Ronald Fillmore

Thirty-seven residents and visitors were present at portions of the meeting.

Mr. Brewer led the Pledge of Allegiance.

Comments From the Public – Mr. Gary Black, 2522 Putnam Road, told of an event that occurred a week ago in his back yard. In great detail he explained how a gun shot put a hole in his swimming pool while he and his three year old daughter and 10 year old son were just feet away. He rushed his children and wife into their basement and called 911. While waiting for the police to arrive, against their advice, he went to the Ontario Rod and Gun Club on Trimble Road. He observed two men shooting what looked to be high-powered rifles and he asked them to stop. The police arrived and the President of the Rod and Gun Club was notified. The situation is under investigation. Mr. Black stated he also notified the Supervisor and he met with representatives of the Ontario Rod and Gun Club. He added the gun club has been very responsive, concerned and cooperative. Mr. Black stated he wanted to come tonight and make a public statement of what happened so that it won't happen again and to make his town and neighborhood aware of what happened.

Mr. Molino stated prior to Mr. Black's visit, he talked with someone else on Putnam Road who had a bullet hole in his barn. At that time, they could not determine when it happened or if it involved someone shooting at the Ontario Rod and Gun Club. He has spoken with the District Attorney and the President of the Ontario Rod and Gun Club about the incident involving the Black family.

Ms. Lisa Harrison, 2577 Putnam Road, stated she was very concerned and asked what are the options so that it would not happen again. She asked what precautions could be put in place and she asked if high-powered rifles are allowed?

Mr. Richard Haywood, Director of the Ontario Rod and Gun Club, stated the men who did this did not follow any of the club rules, they were not shooting correctly and they were shooting in the wrong area. They did property damage to the club facilities and they have been disbarred as members. The club will be implementing a lock gate system and he stated they realize they need to control access to the facility. He added most of the people who use the club are members. Mr. Haywood stated everyone who uses the gun club needs to be trained for safety and use of facility.

He talked about ways to make a safer environment and procedural changes. He stated they have been there for 52 years and they do not ever want this to happen again and they will do whatever they have to do so that it won't.

Mr. Brewer asked if the club will be pressing charges against the individuals and he stated he is glad that they were caught.

Mr. Haywood stated the range has been closed for two weeks and an investigation is under way. The men who did this broke four or five rules of an agreement that all members sign when they join the club. He clarified that the range is closed to all rifles and pistols but not for trap shooting.

Mr. John Liner, 2557 Putnam Road, stated he owns the barn where a bullet was found in the fall. He talked about the angle, the type of bullet and he stated the round has been recovered and turned over to the police. At the time it could not be determined if the shot came from the woods or the gun club.

Mr. Thomas Knights, 2541 Putnam Road, stated his neighbor found a slug in the windowsill two years ago, this is the fourth or fifth incident that he has heard about. He stated he is concerned for his neighborhood.

Mr. Douglas Hastings, 2504 Putnam Road, stated he has two bullet holes in the back of his house. He lives next door to the Black family. There was a discussion on the location of the holes, distance and height.

Mr. Ed Zogg, 2637 Putnam Road, stated he is concerned for the children playing in the yards. He stated gun shots from the Ontario Rod and Gun Club need to stay at the gun club. His neighborhood has to be safe.

Ms. Kimberly Northrop, 2449 Trimble Road, has lived near the Ontario Rod and Gun Club for over 18 years and she has noticed over the last few years that the noise from the shooting is from bigger weapons, repeated shooting and louder noise. She stated she is concerned about the types of weapons the gun club allows. Ms. Northrop noted the land next to the club is posted and she doesn't think the owner allows people to hunt his land.

There was a discussion on types of weapons, proper use and solutions and rules for better safety.

Mrs. Natalie Black, 2522 Putnam Road, expressed how shook up she was. Her daughter is only three years old and could have very easily been hit by the stray bullet that hit their swimming pool. She added the gun club has been very supportive and willing to work together. They have treated this as a very serious event and the men who did the shooting were also very shook up when they saw what they had done. Mrs. Black stated her family is very appreciative of the response by the town, law enforcement and the gun club.

Mr. Richard Luety, 2393 Putnam Road, stated a bullet hit a child in Williamson from their gun club. After that incident they closed the facility and spent a lot of money to make the facility and

neighboring houses safe. He stated he feels the safety and security of the facility needs to be professionally engineered. He asked that the gun club get back to the neighbors with what they would be doing.

Mr. James Alexander, 2269 Trimble Road, stated he agreed with the comment made relative to hearing a different type of noise coming from the gun club. He described the shooting noise as, spraying and rapid firing and he called it "rambo style" shooting. He asked if this type of shooting was necessary? He also stated he thought muzzleloading shooting could be a problem.

Mr. Brewer thanked the audience for their comments and for the way that the comments were presented, in a calm and professional way. He offered the services of the assessing office in providing names and addresses to the gun club for communication with neighboring houses. He also asked the representatives from the gun club to keep the town board informed.

Mr. Molino stated with the cooperation of the residents and the gun club he felt the safety issues could be resolved.

Reports by Town Board Members – Mr. Shears stated he would prepare a schedule for review of the proposed Comprehensive Plan for future workshops. He extended condolences to Mr. Brewer on the death of his Aunt, the family of a longtime resident Ken Ebert and to Todd Luke for the death of his brother.

Mr. Brewer stated that at the last meeting a presentation was made for building a community center; action was taken to accept a proposal for engineering design services with MRB Group. The memo from the Recreation Director also called for the establishment of a capital project to fund the first phase of the project. He asked if there were any objections to establishing a community center capital project? There was no objection.

A motion was made by Mr. Brewer, seconded by Mr. Camp, to **adopt a RESOLUTION to establish a Community Center Capital Project for the design and construction phase in the amount of \$15,000.00, to approve a budget transfer of \$15,000.00 from the Parkland Development fund to the Capital Project and to authorize the Director of Recreation & Parks and the Accounting Supervisor to do the necessary paperwork to establish a Capital Project.** 4 Ayes 0 Nays 1 Absent (Fillmore) MOTION CARRIED
