Board Letter

1. **Last Night's Get Together:** Thanks for taking time after the Board meeting to celebrate our years together. Wayne Central has been a wonderful place for me. I feel extremely fortunate to work in this place with the staff that's here and for such a great Board. I hope you have also found some measure of satisfaction in what we have been able to accomplish together. The chart of Wayne's performance compared to other schools looked very different when we began this process. You set the goals, held us to them and always provided the resources we needed to make things work. Thanks for being so good to me.
2. **Baseball/softball Scoreboards:** As you saw from last night's financial report we expect to end the year with a healthy balance. We are therefore going to take care of a few things that have been on hold. One of those items are softball and baseball scoreboards. We have them for football and soccer but there are no softball and baseball. Mr. Miller, Mr. Atseff and Mr. Blankenberg are working together to have ones installed for next season. You may also recall that a couple of years ago there were concerns about safety for softball team members with pop up flies in the dugout area. We developed a temporary solution for that, but it is time for a permanent fix. We will be installing some new and taller fencing for this purpose.
3. **Docushare Minutes:** Last night a Board member asked about keeping the docushare minutes more up to date. I talked to Lori and she will take care of that. She didn't realize Board members were still using the system. Two of you do not have passwords. If you would like one, call Lori at 524-1001 to set one up. She can also explain how to access the system.
4. **End of Year:** I have attached an email that was sent to K-8 staff this afternoon, congratulating them on the State Assessment accomplishment and letting them know that the last day of school for students will be one day earlier, Tuesday June 23rd instead of Wednesday June 24th. This should be pleasing to them and is a nice way to say thanks. Due to regents exams, the last day of instruction for high school students is June 14th so high school teachers shouldn't feel snubbed by the action.
5. **Project Lead The Way:** Project Lead the Way is the engineering partnership we have with RIT. This year 46 students were eligible for college credit as a result of their work. We have been provisionally certified for the past two years. Today was our review to determine permanent status. I am pleased to announce that following our sessions today, our evaluator has informed us he is recommending us for permanent status. This is wonderful news. Once the paperwork is completed they will be presenting us with our "Lead the Way" Banner. Congratulations on having another part of Model Schools in place.

6. **Canandaigua Shooting:** I informed the Board of the student suicide at Canandaigua. Certainly the news has covered it. Wayne high school activated their scrip team in case any students at Wayne felt grief or anxiety over the situation. Copycat situations are always a concern. It has been very quiet. I think that is a good sign.
7. **Four County Annual Meeting:** Just a reminder that the annual meeting is on May 21 at Belhurst Castle in Geneva. I don't believe Lori has registered anyone as of yet. Please send Lori an email if you plan to attend. As you know, our AP Art students are putting on a display and would love to see you at their display.
8. **Adopt a Highway:** The Wayne Education Foundation is conducting their annual Adopt-A-Highway clean up this Saturday morning from 8:00 – noon on Route 350 from Ridge Road to Finley Road. If anyone is interested in participating, please meet us at the District Office at 8:00 a.m.
9. **Swine Flu Update:** At the beginning of the week we were told that there was a “suspected” case pending in Wayne County. This has been confirmed “Negative.”

**WALWORTH TOWN BOARD – REGULAR MEETING
2 APRIL 2009**

Presiding Supervisor Plant called the regularly scheduled Town Board meeting, held at the Walworth Town Hall, 3600 Lorraine Drive, to order at 7:30 PM.

Present:	Thomas Yale	Councilman
	Patricia Marini	Councilwoman
	Suzi Hawkins-Mance	Councilwoman
	Frank Maciuska	Councilman
	Susie Jacobs	Town Clerk
	Mike Frederes	Highway Superintendent
	Robert Burns	Sewer Superintendent
	Jacqueline VanLare	Recreation Director
	Karen Ambroz	Assessor
	Ed Parrone	Engineer for the Town

UNITED WAY PRESENTATION:

Mr. Bill Boyd, Town resident representing the United Way of Wayne County, gave a presentation to those present and was pleased to report that last year the United Way of Wayne County served 31,535 people in need in Wayne County, which is approximately one (1) out of every three (3) residents. The 2009 fundraising goal is \$882,554.00. During his presentation Mr. Boyd explained that all monies raised in Wayne County stay and are utilized in Wayne County; Councilman Yale concurred. He also noted that 15% of the funds raised are applied to positions. This year the Town of Walworth is partnering with the United Way’s fundraising campaign again, with Town Clerk Susie Jacobs acting as coordinator. The Town will hold a bake sale and will also sponsor a 2-week dress-down fund-raiser. Each day during the 2-week period, employees may wear jeans to work, but only if they pay \$1.00 for the privilege to “dress down” for the day. So, should residents walk in and find our Supervisor or Town Clerk dressed in jeans, don’t think that they are dressed inappropriately; instead, please know that they are going casual for a good cause! Pledge and Designation Forms were available to the public. Discussion ensued with questions.

MINUTES:

Motion by Councilwoman Hawkins-Mance to approve the Minutes of March 5, 2009, meeting as presented, with a typographical correction on page 59.

Seconded by Councilman Maciuska.

CORRESPONDENCE:

Susie Jacobs, Town Clerk, read the following item from the Town of Penfield:

Dated: March 26, 2009

RE: Proposed Local Law No. 2 of the Year 2009

Dear Ms. Jacobs:

Thank you for sending notice regarding the March 19th, 2009, public hearing and the adoption of Proposed Local Law No. 2 for the year 2009. We have reviewed it and we find that it will not have any significant impact to the Town of Penfield.

If you have any questions regarding this matter, please contact me.

Sincerely,
Evan Sheppard
Planning Technician
Penfield Planning Department

Motion by Councilman Maciuska to accept and file.

Seconded by Councilwoman Marini.

Adopted: Vote Ayes 5 Nays 0

PUBLIC PARTICIPATION:

A resident from Whitney Road stated that she had a concern that taxes have gone up, raises have been given to the board, and that there didn't seem to be any cutting back in spending in the Town, despite the tough economic times Americans were facing. She specifically questioned the board regarding the new pavilion which was being built, which was to be funded by a grant. The resident was concerned that she had heard the grant was now frozen, and the Town of Walworth would be left with the bill for the building. Councilman Maciuska explained the grant process to the resident - that the State only reimburses after monies have been spent, as a safeguard to insure funds are being allocated as agreed upon, and that this is standard practice. The resident noted that all grant money comes from taxpayers. The resident also questioned why colored cement was being used in the pavilion, as it costs an extra eighty dollars per cubic yard, which seems an excessive and unnecessary additional expense. She also questioned whether in deciding to build the pavilion it was voted on by the public, to which the board answered "no." She wondered had a vote been conducted, whether or not the residents would actually have wanted the pavilion built, as most of the residents she knew said they would not utilize the pavilion. She stated that her assessment was too high, especially in "these times." Lastly, the resident questioned the board regarding the Wayne Health Care System, POMCO, and the additional cost taxpayers might incur regarding a passed referendum. Supervisor Plant explained to her that though the referendum was passed, the additional money was ultimately not used. The resident noted that she got her information mixed up and apologized. Supervisor Plant also offered to meet with the resident and go over her concerns in more detail.

The second resident, from Jacobs Road, questioned the board regarding the notice in the Times of Wayne County advertising for a Part-time Clerk in the Walworth Town Clerk's Office. She questioned if the Town Clerk's position had always been full-time; it was determined that in recent history it has been full-time. She stated that she had a lot of questions regarding the Part-time Deputy Clerk position. What amount of hours, pay rate, what benefits the PT employee would receive, would this person be bonded, whether or not it was a budgeted line item, and would the employee have a background check and drug test performed? Susie Jacobs, Town Clerk, responded by saying that an appointment was made by her after interviewing candidates, the position was for 24 hours weekly at a pay rate of \$11.00 per hour, the benefits available were what was available to permanent part-time employees. All new employees of the Town are given a drug test. Susie Jacobs noted that she did have a full time Deputy Clerk prior to this and was

looking to replace this person. The resident asked if this was a budgeted item; Council members responded "yes."

DEPARTMENT HEAD REPORTS:

HIGHWAY DEPARTMENT – DEPARTMENT UPDATES

Mike Frederes reported that street sweeping was well under way. Councilman Maciuska asked how the Town ended up on salt. Mr. Frederes responded, "Good, and we came in well under budget." All the utilities have been run to the pavilion.

LIBRARY COMMITTEE

Councilman Maciuska stated that it had come to his attention that some of the Board members were taken aback at last week's Tri-Board Meeting, regarding the Library having petitions put out for an increase in the taxable assessment. He commented that he was aware of it, however he did not bring it to the Board because in previous years you never really discussed this at the Town Board level, as this was a function of the Library Board of Trustees. As it was under their auspices, we really had no say over it, and that is why he did not bring it up. He stated that the reason the Board of Trustees was doing this was to find a way to augment staffing in the Library, due to the increase in use of middle-aged children. We have one Youth Specialist who needs special Certification to deal with teens and tweens, and what the Board wanted to do was to offer programming for those kids. Now that we had worked out transportation with the School district, the potential was there for us to draw more kids to the Library, and that was really the initiative for asking for the increase in funding. Councilman Maciuska apologized for not mentioning this to the

Board. He concluded by indicating that the Board of Trustees had had much discussion on this and was moving forward with it.

MASTER PLAN COMMITTEE FOR PARKS AND RECREATION

Councilman Yale commented that the next meeting for the Economic Development Committee would be held on Tuesday, April, 21, 2009, at 7:30 PM. Ms. Peg Churchill, Economic Development Corporation, Executive Director, will be in attendance as a guest speaker; she will speak about her duties with Wayne County.

TOWN COMPREHENSIVE PLAN COMMITTEE

Councilman Yale is holding off on convening this committee, mainly because he would like to have the Economic Development Committee, and also the Parks Committee, further along in their work so that they can provide some input to the comprehensive plan - such that it will truly be a "comprehensive plan," and not conflicting with what the other two committees do. This will probably start more toward the summer of 2009.

TOWN COMPLEX STUDY GROUP II

Councilwoman Hawkins- Mance stated that last Saturday the Committee interviewed for architects for the conceptual design proposals; they had four presentations. Now the Committee needs to meet to shorten the list or to present something to the Town Board. She will advise of the next meeting date.

Under such circumstances, the Town Board may elect not to revoke the permit but in fact may amend the permit by setting forth additional conditions and restrictions for the proposed use of any park.

(12)

Senior Project Thank You Letter

Dear Wayne Central Staff members,

I would like to personally thank everyone that participated in Wayne Centrals first Relay for Life. Saturday's relay was an overwhelming success bringing together families, community members and staff in pursuit of a common goal: the day when cancer no longer affects those we love. Because of your hard work and effort we raised over \$5,000 for the American Cancer Society.

Thanks to your support, the American Cancer Society is helping people facing cancer and saving lives by funding groundbreaking research, educating the public about cancer protection and early detection, advocating for better laws that protect people against cancer, and providing free programs that help people facing cancer right here in our community. Because of you, lives are being saved and changed. Because of you, the hope for a future without cancer goes on. Thank you again for your generosity, and for choosing to be a part in the fight against cancer.

I'm so proud to be a part of a district that shows so much compassion and dedication to such a great cause. I hope this can be a growing tradition here at Wayne Central.

Sincerely,

Danielle Wilson
