

What do we want from you?

In order to make this project work for you and for your peers (both contemporary and future), we need you to:

- Use your computer in preparing material for your students.
 - Worksheets
 - Tests
 - Project assignments
- Save these files to your own storage, but ALSO to docushare.
 - Relatively easy to do
 - Just open the program and save the documents
- Get into the habit of using docushare
 - Like any technology it takes getting used to
 - What we make habitual we accomplish
- Share!
 - You are a part of a great staff with much to offer
 - Let's show that off!
